## President's Message

My trips to the Chapter hanger over the last month have seen wonderful cleared pathways from the parking lot to the hangar, and from the hanger to the taxiway. This is due to the activity of Mark Briggs and his heavy equipment. We appreciate it Mark!

The hanger was sparsely used over the past month, although I hear that our Ops Director is thinking of moving in his new acquisition for a while, so things should pick up. If you have a date in mind for your hanger usage this year, feel free to chalk it up on the blackboard the next time you come by.

### January Meeting Summary

At our January meeting Charlie Martel ran through the design modifications he made to his Sportsman 2+2 wings and showed us some pictures of the rebuilding process. Charlie also showed some pictures of his innovative approach to ensuring that he will have a project to tinker with over the winter months. Thanks Charlie

for another excellent presentation and we hope that you will enjoy the ongoing activity.

### Aluminum Can Recycling Activity reaches \$1000.00 Milestone

Also at our January meeting, Irving Sloane presented the Chapter with another cheque from our aluminum can recycling initiative, and informed us that our net proceeds have now exceeded \$1000.00. On behalf of the chapter, I want to thank Irving for spearheading this activity and spending considerable time collecting and processing the cans. I also encourage the membership in general to "get with the program" and bring in their empty cans. They can be taken to the hanger or brought to the monthly meeting and left with an executive member.

### First Flight Awards

At our June 2008 meeting we will be presenting plaques

commemorating the first flight of several aircraft that had their maiden flights in 2007. We have a short list of the recipients, but encourage everyone who knows of any member's first flight in 2007 to let an executive member know so that we don't let any of these memorable occasions pass without suitable fanfare.

### Upcoming Meetings

The next regular meeting will be held at 8:00PM on Thursday, February 21<sup>st</sup> at the Canadian Aviation Museum in the Bush Theatre.

This month John Phillips of West Capital Developments will give us an update on expected changes to our hanger access, as well as the new residential developments at the Carp airport.

*Ed: The picture on the cover page is from Places to Fly on the COPA national website.*

21 Feb 2008	Ch 245 Hanger Access and CYRP Airport Development, by John Phillips
20 Mar 2008	Phoenix VXL, by Dwayne Price
17 Apr 2008	Murphy Rebel, by Andy De Pippo (tentative)

Hoping to see you all at the February meeting, and as always-  
Blue Skies,  
Martin

## Aviation humour

From <http://www.aviation-humor.com/>

### **How ill is the a/c**

China in the eighties. A DC-3 (or similar?) loaded with tourist passengers starts up and is about to taxi. Then the engines are shut down again. The captain leaves the cockpit and addresses the passengers: "This plane ill! We take other plane!"

They all walk over to a DC-3 parked across the ramp. Engines started, and shut down again. Captain addresses passengers again: "This plane more ill! We take first plane!"

## Local News

Submitted by Russ Robinson

### EAA 245 Fly-in / Drive-in Breakfast

It's never too early to start marking your calendars for this year's Chapter Fly-in Breakfast - the date is Sunday August 10 at the Chapter hanger at the Carp Airport. Again this year, we will be looking for volunteers for the clean up/ set up day (Saturday August 9) and for the Breakfast. Please lend a hand if you can.

### History of EAA Chapter 245

Wayne Griese has been compiling a history of Chapter EAA245 back to its inception in the early 1970's. He has managed to assemble many of the past editions of the Chapter Newsletter but many are still missing from the collection. If you have any old newsletters that you could give or loan to Wayne, please contact him at [wayner@igs.net](mailto:wayner@igs.net).

### Aluminum Pop Can Recycling Program

As most of you know Irving Sloan has been running an aluminum pop can recycling program on behalf of the Chapter for more than a year. All funds raised are donated to the Chapter to cover our operating expenses. Please donate your pop cans to this program, either by dropping them off at the Chapter hanger at the Carp Airport or by bring them to the Chapter meetings at the Aviation Museum - let's all support Irving's work.

## EAST END NEWS

The last few months have not produced the best flying conditions. Nevertheless the Embrun Flying Club has been very active. If not flying we are building and repairing feverishly.

### **Flying Sorties:**

We have flown to our regular haunts, Mont- Laurier, St-Hyacinthe, Les Cedres, St-Lazare, Gatineau, Montebello,

and Brockville. The flyers have included Tom Smith, Rob Walters, Denis Charbonneau, Bernie L'Ecuyer, Charlie and Gwen Martel, JR Bergevin, Roger Goulet, Claude Quesnel, Andre Girard, Rollie Acorn, and Lindsay Lefavre.

Bearbrook International is still open even with the abnormal levels of snow we have been getting. Indian Creek

Aerodrome is now only ski operations.

Indian Creek Aerodrome skunkworks:

- Henrie Monnin has installed the wings on his Murphy Rebel. 1<sup>st</sup> flight expected in the spring.
- Denis Charbonneau's Glastar project is coming along, including IFR panel. 1<sup>st</sup> flight expected in 2008.

- Andre Girard is fitting the wings on his project the Cumulus motorglider.
- Charlie Martel is rebuilding the wings for his

Sportsmen 2+2 for the 2<sup>nd</sup> time.

Acting Reporter  
Charlie Martel

Respectfully submitted by

### 2008 Ottawa Air Show Scheduled for June 28th and 29<sup>th</sup> (Carp Airport)

Well it is official there is a 2008 air show, and from the line-up to-date it is going to have so many new things, new acts, venues etc.

So we need volunteers to work in all areas.

Please go to the website and see what is happening, as well the Volunteer sig-up sheet is on there.

[www.airshowottawa.com](http://www.airshowottawa.com)

If you have any questions, please feel free to contact me.

Really looking forward to working with you again this year.

Debbie Cameron-Jones  
Director Human Resources,  
Volunteers, Veterans

*Onsite parking for volunteers...., all paid guests park at Scotia Bank place and use the shuttle.*

### 2008 Classic Air Show Scheduled for August 23<sup>rd</sup> and 24<sup>th</sup> (Aviation Museum)

Greetings Martin,

I hope you had a great holiday. I am again working with a group called Flightworks which is planning an event with the cooperation of the National Aviation Museum in Ottawa, Ontario, Canada scheduled for August 23rd & 24th 2008.

The plan again this year is to have classics aircraft mixed with warbirds along with WWII re-enactors, vehicles and classic cars. So I just want to make you aware of the event and let me know if any members would be interested in participating in the event. Again for this event the museum will be open both days

to view all of it's collection along with public viewing of their new storage hangar where rare aircraft are kept until they are ready to be worked on. Also we will have a BBQ at the Rockcliffe Flying Club on Friday night and the museum will put on a reception for all participants on Saturday evening. We expect to have quite a variety of aircraft attending the event such as Vintage Wings of Canada's collection such as the Spitfire and Hawker Hurricane, Corsair, P-51 Mustang along with lots of classic Pipers, Seabees, Stinsons, Fleet Canuck, Ercoupe, Aeroncas,

Stearmans, Chipmunk, Harvards, Tiger Moth, Yaks, FW-149 , NA Yale and CJ-6 Nanchang.

Our website will be updated soon, so watch for updates with 2007 photos and reviews.

Here is the address:

<http://www.flightworks.ca/>

I know it is quite early but I just want to know you make it for the 2008 event.

Let me know.  
Regards,  
Michel Côté  
Ottawa Ont Canada

### EXHAUST - from the Carb Heat Archives                      20 YEARS AGO    February 1988

Submitted by Wayne Griese.

The February, 1988 meeting was held at the NRC building, 100 Sussex Drive.

Our chapter executive included Doug Richardson, President; Roger Fowler, Vice President; Andy Douma, Secretary; Deric Dods, Treasurer; Ted Chambers, Editor; Dave Murray, Hangars; Gary Fancy,

**Aircraft Operations; Gord Standing, Special Events; Rodney Stead, Membership; Dick Moore, Publisher.**

**Tie-downs were full with 9 aircraft parked outside and 2 in the hangar;**

**Blueprints for the new row hangar were stamped by the P. Eng and sent to Toronto for review;**

**Nina and Olav Peterson, in Flight Lines, wrote about the new Porsche PFM 3200 aircraft engine flying in a Cessna 182, and composite materials being in the news.**

**The EAA Canadian Council was created in November 1987 to represent the 3,500 EAA members in**

**Canada. Rem Walker, Chairman. EAA vs. EAAC was being discussed at the February meeting.**

**Winter flying and maintenance was the subject of a workshop sponsored in January 1988 by the Continuing Education Division of the Ottawa Board of Education at the Ottawa Technical High School and Roger Fowler reported the details.**

**Russ Robinson was selling plans for a Davis and Mike Sacoutis had several items listed for sale. Andy Douma had Golf and T shirts with the Chapter Logo for sale too.**
