Have you wondered how the Pedal Plane project has been coming along? Mike Barden has been doing a great job at getting it (slowly) put together!

It has been a bit more effort than the Chapter thought it would be but it is coming along beautifully. Thank you so much, Mike, for your dedication, working on this for countless hours! See the next page for more photo updates.

FEBRUARY 2023

January 8, 2023 Meeting Minutes

Meeting called to order: 2:30pm

In attendance: Bob, Tim, Mike, Blossom, Howard, and guest

No secretary report.

Treasurer's Report:

January balance +\$236.54

Hangar rent -\$75

February balance +\$161.54

This includes Bob's 'donation' (reimbursement for '22 Pancake Breakfast)

Pedal Plane Progress: Mike updated (see photos on previous page); Bob gave paint for it.

Speaker suggestions: Robert Petersen (Bob said he'd try to find a way to contact) and Sarah Palmer, the Red Stewart Airfield airboss. The Caesar Creek Soaring Society was mentioned but I did not note if that was for a speaker, working with them on an event, or something else.

May Pancake Breakfast- talked about dates; work with other EAA events planned.

Talked a bit about Young Eagles, trouble of having pilots and the weather not cooperating.

Watched a movie: "On Great White Wings," National Park Service film. Here's the link:

<https://www.nps.gov/media/video/view.htm?id=6CE89DCF-AA6A-41E4-A9EE-A65045018256>

(Members of most of the local EAA chapters provided ground support. If you watch the credits you will find the list of chapters and the names (including mine) of those providing the support. It was interesting to see how the sequences were filmed, the extensive use of green screen and CGI. What is seen on screen is so totally different from what was seen in real life. -Bob Luken)

Meeting concluded after the movie.

(Unfortunately a few members had to leave before the movie was concluded.)
