Pedal Plane Update!

(see more on next page)

It has been (quite) a bit more effort than the Chapter thought it would be but it is has turned out beautiful. Thank you so much to Mike and Bryan for their dedication, working on this for countless hours!

We ain't fancy, just fun!

Pedal Plane Update!

The pedal plane kit, purchased from Aviation Products early in 2022, was a lot more work than anyone anticipated, but thanks to the dedication of Mike Barden and Bryan Hagerman it is now finished! Great work, guys! You can see it above next to Cub and Cathy Stewart's Cub, after which it was modeled. It is now ready for the next leg of its journey. The Chapter will be selling raffle tickets for the pedal plane and some lucky winner will be zooming around in this fun little Cub. Be watching your email and Facebook for when that will be taking place. You'll not want to miss out! In the meantime, the completed plane will be visible at Red Stewart Airfield, in the office. Come have a look!

Young Eagles' Flights @ the Taildragger Fly-In

John Belluardo flew 5 Young Eagles at the Fly In. This was the maximum number that he had agreed to fly. Many thanks to John.

On Saturday I had two parents ask about YE registration. I told both parents that we would be doing registration during breakfast, and to register early as we fly in the order of registrations until we reach our limit. Neither parent registered their children on Sunday morning. I was under the impression that both parents and their children were camping overnight at Red Stewart. Late on Sunday morning two young women from Kettering showed up to register. Unfortunately they were not accompanied by a parent so were unable to provide YE flights.

We are always in need of Young Eagle pilots. A pilot can be a member of any EAA Chapter. Prospective pilots must have completed the Youth Protection Program training. They can specify the chapter of their choice to receive the YE credits. If you know any pilots please try to recruit them to fly Young Eagles for us.

Bob

EAA 284 Taildragger Fly-In & Pancake Breakfast 2023

This year's Pancake Breakfast was AMAZING!! The weather was beautiful and so many people showed up to get some yummy pancakes and sausage. It was great to see so many people: many who come every year but so many new attendees as well! We did things a little differently this year and it turned out to be a great decision.

Summary of the Financials for the 2023 EAA Chapter 284 Pancake Breakfast-
\$2092.40 Donations
-\$664.90 Expenses
=\$1427.50
