Around the Patch and now on Final

ATTENTION 289! Our last pancake breakfast, Saturday October 21, 2023 is Fast approaching AND SHOULD include a MOST IMPORTANT BUSINESS MEETING OPEN TO ALL.

We've had some great responses to last month's appeal for NEW VOLUNTEERS to become MORE INVOLVED in Chapter289 leadership roles on our board. This means WILLING VOLUNTEERS need to show up, make yourselves KNOWN, AND BE READY to make a difference for the future of CHAPTER289 !

For practical purposes, we'll start our meeting at 08:30 am, if we don't have room in our meeting room. We'll just Conduct our meeting in the hangar area. It's TIME FOLKS WE NEED to be prepared now to vote IN SOME YOUNGER MEMBERS TO BUILD the SPIRIT OF AVIATION.

BRUCE B.

Pilot quote

"Let's get one thing straight. There's a big difference between a pilot and an aviator. One is a technician; the other is an artist in love with flight."

Safety Tip

Accidents

Bruce Beecroft

Well we've been flying since 1903, AND accidents have happened regularly throughout our history in the air. We've tried and tried to make flying SAFER. IT IS HOWEVER, WE WILL ALWAYS have THREATS TO SAFETY and HOW do we DEFINE THAT?

ACCIDENT INVESTIGATORS and ANALYSTS have managed to conclude that THREATS COMPRISE ANYTHING THAT INCREASES OPERATIONAL COMPLEXITY TO ANYTHING!!!

Some good examples would include weather, distractions, traffic, ATC, wildlife, terrain, unfamiliar airports, maintenance, system malfunctions, passengers, flight diversions, time pressures, missed approaches, similar call signs, even get-home-it is. WOW PILOTS in command can be faced with unbelievable COMPLEXITY. ALSO, CONSIDER that you can face multiple challenges which may require SKILLED JUDGEMENT TO PRIORITIZE the way you must ACT. TRAINING SHOULD INCLUDE THINKING IT TROUGH THOROUGHLY BEFORE FLIGHT. Good idea for a rainy day.

Lincoln County Civil Air Patrol "Lobos"

It's a great day when we can do Cadet Orientation Flights. Cadets learn what it takes to preflight a plane by one of our experienced pilots. Once up in the air, they briefly take control of the plane to get a feel of what it is like to actually fly. Thank you to Lt. Col. Justin Johnson for giving Cadet Brown, Neff and Fogarty this experience.

The Lincoln County Composite Squadron Color Guard recently participated in two events. First was the National POW/MIA Day where they posted and retired the colors along with presenting the POW/MIA table.

Next, at the Gold Star Family Remembrance Day, they posted and retired the colors and handed out roses to Gold Star Family Members.

Young Eagle Event at Luverne, MN August 26, 2023

EAA Chapter 289 was finally able to host a Young Eagle event in **Luverne, MN August 26, 2023**. The morning started out with clear skies and sunshine, but as soon as the participants started to arrive, so did the clouds. The ceiling dropped to 700 feet AGL as we were registering the early arrivers, which caused the pilot in Luverne to stay put, and the pilot who was enroute from Sioux Falls to divert. Patience rewarded those who waited as the skies cleared around 11:00 AM.

After all was said and done, **four ground volunteers and two pilots introduced 19 young people to the wonder of flight**. We are planning a make-up day for the Young Eagles who registered, but weren't able to wait for the weather to cooperate.

Chapter 289 definitely needs MORE Young Eagle Pilots! One of the chapters main priorities is to introduce youth to flight. If you're interested in becoming a Young Eagle volunteer, as either a pilot or ground assistant, please contact me for more information.
