The Monthly Newsletter of the Sherman, TX EAA Chapter 323

August 2016

Monthly Meeting, Thursday August 18, 7PM, Sherman Municipal Airport Terminal

What may (will) be the highlight of the year, Guido Bevoni will present what is going to be an exciting review of his aviation career. With well over 30,000 hrs earned the hard way (not flying the airlines), it is sure to be packed with exciting tales, but, most important, he's one of our own. Come on out and listen to "Guido about Guido." You've got to be there!

Flight to McKinney EAA, Saturday August 6th

Several club members made the trek to McKinney "National" Airport to visit the local EAA chapter for their first Saturday donuts. We had several pilots, including Clint Murphy, Jimmy Finney, Mike McLenden, John Halterman (and his little brother from Big Brothers/Big Sisters), Rick Simmons, and Robby Carney, rendez-vous at SWI, and flew down to TKI. Paul Tanner flew 007 direct to TKI. Somehow in the process, we lost Jimmy and Mike..... However, we spent about an hour there before returning home. It was a nice visit.

A special note

We will not have a first Saturday event in September due to Labor Day weekend. It will be replaced by the Light Sport Expo at GLE later in the month.

Regulatory Minute

Did you know that if you fly gliders or hot air balloons a medical is not required? Nope. None required. Even if your medical was revoked, you can still fly, even as a commercial operation. No excuse not to get back in the air!

Upcoming Chapter Events

Thursday August 18	Monthly Meeting, Sherman Airport Terminal, 7:00 PM <i>Subject: Guido about Guido</i>
