President's Mission Brief for Mid-Mid-April 2019

ATTENTION ON DECK: With this being our 50th Anniversary month, we have too much going to just have the one newsletter. Along with that, **We have way too much going on to not have our monthly meeting!!!** We are meeting on **Tuesday, April 16th at 7pm** at Sherman Municipal Airport (KSWI)! Please make sure to be there!

While there will not be a Speaker, this meeting is Organizational in nature and scope! The two main topics of discussion will be our Upcoming Young Eagles flight and our EAA323 50th Anniversary Celebration!!

From the interest our booth at KidsFest generated, I'm sure we are going to see a large number of Young Eagles. We currently have 29 Young Eagles registered for the Young Eagle Flight on Sunday, April 28 at 1pm. This event is our Public face, not only for the Young Eagles but for membership as well!! We need support from you. John Horn needs Pilots, planes and ground crew. Any and all assistance is needed and appreciated!

We would like to ask that we have 1 or 2 aircraft for static purposes for those future YE's not quite old enough to fly and for Eagles who may want to get started flying! Info for the Eagle Flight Program will be available also. Adam Yavner will be on hand to talk specifics with those interested in the Eagles program!

I'm now calling on all Past Presidents, Officers, Directors, and Advisors, and Members of EAA Chapter 323. Our 50th Anniversary Celebration will be Thursday April 25. As your current President, I ask all chapter members to make an extra special effort to attend. We are not only supporting our Chapter but Sherman Municipal Airport (KSWI) also in a big way.

Our celebration at Sherman Municipal Airport starts at 10:30am. Plaques commemorating this impressive milestone will be presented. We've asked the Mayor of Sherman and our commissioner to attend as well as others associated with aviation.

We'll reconvene around 1pm at North Texas Regional Airport (NTRA) for a cookout at Texoma Aero Club Hanger. We will need help setting this up. Members of Cavanaugh Flight Restorations have promised to be in attendance and there may be some A4's to check out also.

If you fly it, If you have built it, Or if you can borrow it, Park it on the ramp outside the terminal. We may even see the One Week Wonder from 2018 Air Venture. We'll shut down at 4 or so.

Dinner will be held at 6:30 PM at Cedar Mills, Pelicans Landing. David Leiting, from EAA Headquarters will be our guest speaker. Let's show him our support!

Again, Wives, Dates, and friends are all invited. Please come and make this the biggest meeting ever. If you need a ride, just let us know. We will/can carpool.

Monday, April 15, 1-6 PM, Texoma Aero Club invites all to their "kick-off" open house at North Texas Regional Airport (NTRA). Check out their website - texomaaeroclub.com for details.

Anyone have a spare functional headset, E6B, or other training material? Please contact Adam Yavner (ayavner@yahoo.com) We have two YE student pilots in our chapter that could put them to use.

We are an awesome chapter. See you all on Tuesday, April 16th at 7pm!
Blue Skies! Mike
