The Monthly Newsletter of the Sherman, TX EAA Chapter 323

February 2018

President's Mission Brief for the Feb 15th Monthly Meeting, 7PM, Sherman Airport Terminal

Rick Simmons has a "So, What Happened on Final?" story.

Then Jim Smisek takes us to the world of aircraft interior design for those - as Larry the Cable Guy's friend, Ron White, says —“ L oh oh oh oh did” \$\$\$\$

We welcome new members, Mark Whiddon and Danny Smith.

The members of Chapter 323 represent almost all areas in the world of aviation. Any and all who fly, want to fly, want to build, or a just curious about flight are welcome to join us.

Finally, in January, the Board voted to increase annual dues to \$30 effective with the members' next renewal. This step was taken to keep our chapter in the black and meet our EAA obligations.

Thanks for your support! Mike

RV-14 Project Review

OK—let's be honest. We've done Frank Connery's RV-14 project twice in the winter and it's been really cold. This year was no different. However, we were grateful for the coffee and donuts and some discussion at Frank's hangar to see his project. As he has stated before, it'll fly on Saturday....but which one?

As can be seen in the photos, he has mounted the engine and it is starting to look like a plane. He's making great progress and we're sure it'll fly.....someday. Keep up the good work!!!

Upcoming Chapter Events
