AUGUST MEETING: Saturday August 14, 1982, 7:30 P.M., Chapter Building, Westside Airpark.

PROGRAM: Please don't miss this one! Mr. Leon Davis will present a program on Davis Aircraft. We are most honored to have Mr. Davis living in the San Antonio area and hope to have him as our newest chapter member.

HOMEMADE ICE CREAM SOCIAL: WANTED APPROXIMATELY 12 ICE CREAM MAKERS. If you have an ice cream maker and could make some for this month's meeting, please contact Nancy Mason (674-7854). We need enough to serve approximately 75 people. The chapter will furnish ice if you would like to come early and prepare the ice cream at the Chapter Building.

VOLUNTEERS FROM CHAPTER 35: Our chapter duties at the 1982 Kerrville Fly-in will be the same as last year:

- (1) Act as flight line tour guides for non registered guests.
- (2) Sell tickets at the gates for the Airshow.
- (3) Staff EAA information booth.

We need help from everyone for these jobs. Please see Julius and volunteer.

FLY-IN "WORK DAY": Lots of help will be needed to prepare the airport for the fly-in. A work party will start at 10:00 A.M. on Saturday, September 11, the weekend prior to the fly-in. Last year a good group came and the work was finished very quickly. Please try to be there.

QUIET VALLEY AIRPORT-COMFORT, TEXAS: Bill Haskell reports that the power lines on the North end of his 1460 foot runway are a thing of the past. Bill and Patsy welcome all visitors as they have in the past. Even pilots who fly planes with "training wheels" should have no trouble getting in.

PROJECT REPORTS: Please call Dan Cerna and give a report on the current status of your project. We would like to make "Project Reports" a part of the newsletter.
