MARCH MEETING: 13 March 1982, 7:30 P.M., Chapter Building, Westside Airpark.

PROGRAM: Woody Spence of Alamo Soaring will talk about sailplanes and soaring in the San Antonio area. There is considerable activity throughout Texas and the operations out of Castroville and San Geronimo have received considerable publicity. This should be a real interesting session.

TV: How many members saw the well done NBC feature on Ultra Lights on the 6 P.M. news February 27, 1982. The rolls and loops were downright terrifying but watching a Mitchell wing trying to land fast and downwind was real comedy.

SHADES OF WW II: Can you visualize an aircraft factory right here in San Antonio prefabbing parts for 100 Spitfires and a goggle of P-40's, FW-190's and Falcons. Steve Jenkins out at The Western Front is getting tooled up (or molded up) and we should soon see some familiar looking machines rolling out. Get your orders in early.

STEVE JENKINS IN THE "SPITFIRE"

KEEP IT SAFE!

How we see it...

"Yeah, he's for the public good, but why should they pay his way?"

"He is heavy, but he's my Big Brother!"

AIRCRAFT OWNERS and PILOTS ASSOCIATION

Washington, D. C. 20014 (301) 654-0500
Member: International Council of Aircraft Owner and Pilot Associations

CHAPTER GRAPEVINE: We just found out how serious Elaine McCormick's bout with the medical profession has been. Lets all express our concern and pray for a complete recovery. Elaine has always been one of the pillars of our group and we all want her back and well as soon as possible. Carolyn, you take care too.

MEMBERSHIP QUESTIONNAIRE: Be sure to respond promptly with your questionnaire to national headquarters. They do a lot of lobbying for sport aviation and need complete data on the membership to give credence to their activities on our behalf!

MARK YOUR CALENDAR:

March 14-20-----LAKELAND FLORIDA, Sun N Fun Fly-In.
