

MARCH 2025

Thoughts Aloft

Manitowoc EAA Chapter 383 Newsletter

Chapter Logbook

by Chapter President Jim Zuege

Mentoring is all about sharing experience and knowledge, wisdom and encouragement. The mentor feels good about helping and has a sense of pride; the mentee gains valuable insights and learns new skills. It's a win-win. Thank you everyone who helped with Youth Aviation. It's exciting to see kids who are interested and active with aviation.

Thank you also to everyone who is helping with the Seabee. It's looking good. The target finish date is April.

The February meeting was cancelled due to weather so we have some catching up to do.

The business meeting is Wednesday March 12 at 1900. Topics include:

- Operations Manual updates
- Event dates (Young Eagles, fund raising, draft)
- Young Eagles monetary credit
- Club house improvement

The gathering is Saturday March 15 at 0800 to work on the Seabee (painting and assembly).

Then we will have a cook out to clean out the freezer and fridge. See you there!

Jim

MARCH 2025

Seabee Prep

You're invited to help assemble Seabee that sustained storm damage. We need to get it done and get it back out front at the airport entrance. The next work day is Saturday March 15 at 0800.

EAA Chapter 383 has a web page. It contains:

About us, Contact us, Event Calendar, Youth Activities, Merchandise, In the News and Social Media, Newsletters, Young Eagles, Chapter Event Photos, Technical Counselors, Ray Aviation Scholarship.

MARCH 2025

Youth Activities

Youth Activities is a wing of our organization that is growing in popularity, under the Ebens guidance and chapter mentors. We are actively practicing the mission of the Experimental Aircraft Association (EAA) which is "to grow participation in aviation by promoting the 'Spirit of Aviation.'"
