BRIGHTON SPORTPLANE ASSOCIATION

October 2024

## CHAPTER 384 CONTACT

### UPCOMING EVENTS

- The next meeting of your EAA Chapter is Wednesday, October, 9th at 7:00pm in the BAA House/Terminal.

### AROUND THE AIRPORT 45G

Don't forget that every Saturday there is a breakfast at the house at 9:00am. Come and enjoy the hangar flying and aviation

### YOUR EAA CHAPTER OFFICERS

President - David Yegge (810) 241-6328  
Vice President - Jon Harris (313) 909-3225  
Treasurer - Ron Stonewall (810) 623-3427  
Secretary - Greg Pawczuk (248) 935-3185

Trustee(s) at Large -  
Clint Ray (810) 223-6819  
David Hubbard (734) 395-2395

### September Events

Young Eagles: Once again the Young Eagles was canceled due to weather. It sure feels like were overdue for better weather on the next one.

BAA Fly In - Camp In: I only attended on Friday so all I can speak for is the one day. But, all I saw were happy faces. One example being the photo on the right. While much of the show was in the sky, these three you girls were busy performing taxi manouvers on a grass strip closer to the terminal. Their aircraft happens to be the only fully functioning aircraft in Chapter 384's hanger. It's nice to see some are are having so much fun with it.

### Chapter Member Projects

Many of our local 384 Chapter Members are working on their own aircraft. We try to spend a little time at each meeting for the members to update the crowd on their recent progress on their aircraft. The following are projects known to be working in or around the airport: A Wag Aero Wagabond, An RV 12 project, a Zenith Cruiser, a Hatz CB-1 biplane and a Pre-war Taylorcraft restoration. If you are working on a project and would like to update the crowd, please drop by the meeting this Wednesday.

-Ron Stonewall is in need of hangar space for his "Wagabond" airframe over the winter. Ron has simply run out of room in his garage as he's starting on the construction/assembly of the right wing! The airframe is a "roller" (setting on its landing gear). Should fit easily into the back of any t-hangar. Will pay \$ for storage.

## Aviation History for the Month of October

October 1, 1956 - Chapter Two of the Experimental Aircraft Association is chartered in Fort Wayne, Indiana.

October 7, 1909 - Glenn Curtiss becomes the first American to hold an FAI airplane certificate.

14 October 1947 - Capt. Charles "Chuck" Yeager becomes the first person to fly faster than sound. Yeager "breaks the sound barrier" in his Bell X-1 airplane, "Glamorous Glennis," named after his wife. He was able to reach 670-mph or Mach 1.015 at Muroc Dry Lake, California.
