Chapter Fundraising Update

Recently a large post was made on two Taylorcraft Facebook sites and there has been a huge response. To-date, we have a gentleman who is interesting on buying both Continental 65hp engines. We have separate parties who are interested in the wings; the tail feathers, the fuselage and the fuel tanks. In addition, our own member, Johathan Weber, has purchased more components for the Pre-war Taylorcraft he is restoring. Jon Harris is also working on a Barnstormers post for the tugs. Efforts are also underway to sell the Ercoupe 415D we acquired.

EAA Hangar Update

The concrete apron has been poured and the flat work was completed. Much thanks to David Yegge, Jon Harris, Greg Pawczuk and Mark Luscomb.

In addition, the final trim has been installed, the forms were removed, the excess soil has been placed back in-place, raked and seeded. Again, thanks to Jon Harris, Mark Luscomb, David Hubbard and Tracy Lanciano. The fit at the apron and the bottom door seal are perfect - great job by everone.

CHAPTER 384 UPDATES

Chapter 384 opens nominations for chapter officers every October and November. The elections occur at the November meeting on November 8, 2023. If you are interesting in participating more in your local EAA Chapter, or are interested in running for a chapter officer position, please make a point to come to the October meeting this Wednesday evening. The more involvement we have, the stronger we get.

Much thanks to Rick Anderson and Jon Harris for spending time to help train the Local Brighton Fire Department on the safety factors related to aircraft incidents and crashes. This training is a win-win for the community. Thanks also to Mark Miller, Joe Miller, Clint Ray and Jack Havilland for their support.

BAA FLY-IN / CAMP-IN

It was reported that this young flyer made an extremely fast, low pass at the recent Fly-In / Camp-In at Brighton Airport. I'm not sure but it looks like he was having fun.

As you know, our local EAA Chapter helped with the Saturday evening meal for this event and we earned over \$630.00 in an effort to help fund our hangar door project. Thanks to David Yegge, Mark Luscomb, Greg Pawczuk, David Hubbard, Gill Lembre, Jeff Mann and Jon Harris.

The event was well planned and well executed by Mia, Steve and the Wedecamper Family. The flour bombing event was a big success and Mr. Tristan did a fine job as Air Boss.

The Breakfast Club supported the breakfast on Sunday Morning and served a very large crowd.

This event was an excellent aviation event for Brighton Airport. Thanks to all.
