EAA Chapter 384, Brighton, MI  
BRIGHTON SPORTPLANE ASSOCIATION

February 7, 2021

## UPCOMING EVENTS

- The next meeting of your EAA Chapter is Wednesday, February 10, 2021 at 7:00pm. **The meeting will be at the BAA House.** After the business of the meeting has concluded, we will be continuing the fabric workshop which will run through the next three months.
- Remember, your 2021 EAA Chapter dues of \$25.00 were due in January. If you paid up last meeting - Thank you. If you haven't sent in your Chapter Dues, please send in your 2021 chapter dues to Rodney Beckwith III or come to the meeting on Tuesday and get current. Thanks

## EAA OFFICERS

- P**resident – David Yegge (810) 241-6328
- Vice President – Jon Harris (313) 909-3225
- Treasurer – Rod Beckwith III (517) 304-9241
- Secretary – David Hubbard (734) 395-2395
- Trustee(s) at Large -
- Greg Pawczuk (248) 935-3185
- Clint Ray (810) 223-6819
- YE Coordinator - Karl Vogelheim (812) 987-3600

## AROUND THE AIRPORT 45G

- **Saturday morning breakfast**  
Breakfast is served at the BAA House, on Hyne Road, every Saturday morning at 9:00am.
- **Pilot Proficiency Night**  
Ray Krom conducts a pilot proficiency discussion on most Monday evenings at 6:00pm. The subject varies every week, but it's always informative. This is great for aspiring pilots and as a refresher for more seasoned individuals.

## FABRIC WORKSHOP CONTINUED

**W**e will continue the fabric covering workshop this month, after the business portion of the meeting has been completed. Last month, Greg Pawczuk and Mark Luscomb were our volunteers and we were able to prep the airfoil before covering and use the Poly-Tak to cement the fabric to the surface. This month, we will look for two new volunteers to heat-form the fabric around the ends of the airfoil and glue the fabric to the ends using the Poly-Tak. If time permits, we will do our first heat shrink of the fabric at 250°F. My goal with this "hands-on" workshop is to involve as many people as possible to show just how easy the fabric covering process is. By the March meeting, we should be able to do our final shrink of the fabric (350°F) and "pink-up" the surface with Poly-Brush. We may even get into the rib stitching process and everyone can try their hand at this.

## FABRIC COVERING WORKSHOP PROGRESS

Greg, Dave and Mark reviewing their workmanship on the fabric that was glued to the fabric training buck
