Clint Ray (810) 223-6819
David Hubbard (734) 395-2395

Chapter Member Projects

Many of our local 384 Chapter Members are working on their own aircraft. We try to spend a little time at each meeting for the members to update the crowd on their recent progress on their aircraft. The following are projects known to be working in or around the airport: A Wag Aero Wagabond, An RV 12 project, a Zenith Cruiser, a Hatz CB-1 biplane and a Pre-war Taylorcraft restoration. If you are working on a project and would like to update the crowd, please drop by the meeting this Wednesday.

Aviation History for the Month of September

September 3, 1908 - Orville Wright makes his first flight at Fort Meyer, Virginia, circling the field one-and-one-half times. During the next two weeks, he conducts a series of 14 long, high, and impressive flights, many of which set new records and are witnessed by government officials.

September 17, 1908 - The first fatality in a powered airplane occurs - when Lieutenant Thomas Selfridge is killed while flying with Orville Wright at Fort Meyer, Virginia.

September 23, 1911 - Earl Ovington carries the first airmail in the United States in a Blériot monoplane from Nassau Boulevard Aerodome, Long Island to Mineola, Long Island.

September 27, 1913 - Katherine Stinson becomes the first woman in the United States to make an official airmail flight.

September 14, 1929 - Lt. James H. Doolittle makes the first blind, all-instrument flight.
