New Restoration Days & Hours

Work on my Piper PA-15 is close to being finished so I will be spending both Tuesday and Wednesday of each week working on the Stinson Restoration project. I will be at the EAA Hangar on both days from 9:00am until 3:30pm with a short break for lunch around 12:00 noon. Please feel free to come up to the hangar and lend a hand on the restoration. I will have the coffee pot going so bring your favorite mug and let's get started.

Fundraising Project

The fundraising project aircraft has been posted on Facebook but has yet to be posted on Barnstormers. I have had some difficulty with the Barnstormer's post but I'm working through the issues. Our goal is to take any proceeds from the sale (after deducting expenses) and pay-off our EAA Hangar mortgage.

Please pass along the word to any person who may be looking for a project aircraft as this project would be a good one. Speaking from experience, the Taylorcraft is an excellent taildragger and very forgiving for anyone who may be contemplating getting a tail wheel endorsement.
