YOUNG EAGLES EVENT ON 9/24

We will be flying Young Eagles again on the Saturday morning, September 24, 2022 at 8:00 am. The Pilot briefing will start at 7:30 am.

This is a fantastic event where we introduce young people to aviation and give them a ride in an airplane. The Young Eagle is given the opportunity to take control of the aircraft and better understand how easy it is to fly an aircraft. If you're a pilot, I'm sure you can remember your first flight and how you were "bitten" by the aviation bug after just one flight.

AROUND THE AIRPORT 45G

- Saturday morning breakfast

Breakfast is served at the BAA House, on Hyne Road, every Saturday morning at 9:00am.

- Pilot Proficiency Night

Each Monday evening a new topic is discussed at the BAA House in a relaxed format. This is a great way to keep up-to-date on multiple aviation subjects. After the meeting, much of the crowd travels over to T-Bones Pub for dinner and more comradery.

→ We like to start early while the air is calm to give the youngster the most pleasurable flight. Ideally, we can all finish up in time to enjoy breakfast at the BAA clubhouse.

At the Oshkosh Airventure event this year, Chapter 384 at Brighton received an award for being one of the few chapters that have flown Young Eagles every year for the 30 year program. Only about 7% of the EAA Chapters received this award so we are proud of accomplishing that milestone.

Going into it's 31st year, with over 2 million young people flown, we are shooting for each pilot to fly 30 young people in the next calendar year so let's get out there and give it the good 'ole college try.

Pilots and Ground Support Team, please forward Karl Vogelheim a copy the safety background paperwork you received from EAA Headquarters. Thanks

Hangar Door Project

There is still much work to do before winter closes in on us. The following list of tasks need to be completed:

- Install J-Channel above the weather membrane
- Seal the membrane seal at the top of the door with silicone
- Install the side door trim on the Diamond Door
- Paint the old door wooden rails with a second coat of paint
- Break out the small portion of concrete in front of the door to allow Mr. Keller access to run power to his hangar on the West side of the EAA hangar.
- Form up the new concrete apron and schedule a concrete delivery.
- Install the needed vent lines for the furnace.

We can discuss a game plan at the meeting this Wednesday evening.

FLY-IN / CAMP-IN TACO DINNER

The EAA Chapter has volunteered to put on the dinner for the upcoming Brighton Fly-in / Camp-In event this Friday Evening (9/16/2022).

A Build-You-own Taco Dinner will be served will be served at 6:00 pm.

Many of the EAA Chapters members have volunteered to supply the sides (taco shells, tortillas, diced onions, shredded cheese, taco sause/salsa, olives, peppers, etc.) We will review the assignments this Wednesday at our meeting.

This is a fund raising event to help finance our new Hangar door. Thanks to everyone in advance and let's go out and have some fun.

One of our new members received his first flight in a small aircraft - I think John Parcell had fun.

Look for John to join the Flying Club
