Trustee(s) at Large -
Clint Ray (810) 223-6819
David Hubbard (734) 395-2395

Chapter Member Projects

Many of our local 384 Chapter Members are working on their own aircraft. We try to spend a little time at each meeting for the members to update the crowd on their recent progress on their aircraft. The following are projects known to be working in or around the airport: A Wag Aero Wagabond, An RV 12 project, a Zenith Cruiser, a Hatz CB-1 biplane and a Pre-war Taylorcraft restoration. If you are working on a project and would like to update the crowd, please drop by the meeting this Wednesday.

Aviation History for the Month of November

- 7, November 1910 (USA) — The first use of an airplane to carry commercial freight is the Wright Company's airplane that flies from Dayton to Columbus, Ohio carrying ten bolts of silk to the Morehouse-Martens Company.
- 12, November 1921 (USA) — The first air-to-air refueling is made when American Wesley May steps from the wing of one aircraft to that of another carrying a five-gallon can of gasoline strapped to his Back.
