 Clint Ray (810) 223-6819  
 YE Coordinator - Karl Vogelheim (812) 987-3600

**Chapter 384 dues are past due**

## AQP PRESENTATION THIS MEETING

Jon Harris will be doing an AQP presentation at the meeting this month. This presentation is an Advanced Qualification for Light aircraft. It focuses on areas that general aviation pilots have difficulty with like base-to-final stalls. There are 20 areas that Jon will touch on. These are great items to review before our spring flying begins.

## EAA Learn to Fly Day

The EAA has set aside Saturday May 21, 2022 as the Learn to Fly Day. This is a program where you invite an adult who always wanted to learn to fly (but never accomplished that goal) up for an introductory flight. If you know of anyone that fits this category, and you are able to help fly these folks, please connect with a 384 Chapter Member for details.

**Look who is ready to fly after the weight and balance has been completed and the paperwork is finished.**

**See you in Brighton soon.**

## Young Eagles Day is Approaching Fast

Young Eagles Day is fast approaching and set for Saturday, June 4, 2022. If you know a young person between the ages of 8 and 16, and you would like to introduce that young person to aviation, please contact Karl Vogleheim, David Hubbard, Jon Harris or David Yeggi for details. The Young Eagle Program was started in 1992 with the goal of introducing ONE MILLION young people to aviation before the 100th anniversary of the Wright Brothers flight in 1903. To date, over two million people have been introduced to aviation through the Young Eagles Program with many of these youngsters going on to pursue their flying endeavors. If you are interested in helping, please speak to the gentlemen above and they will let you know how you can help. Thanks
