

## Your Aviation

# Journey Begins Here!

Ever wondered what it's like to fly? Maybe you're curious how airplanes work. You might even dream about being a pilot.

If you're nodding your head "yes" and are between the ages of 8 and 17, you are invited to take to the sky and become a Young Eagle! More than 2.2 million young people **just like you** have already taken a free flight through EAA's Young Eagles program.

**What are you waiting for?** Schedule your FREE introductory flight today!

### Here's how:

1. Talk with your parents.
2. Go to **EAA.org/YoungEagles** to locate a Young Eagles flight in your area.
3. Schedule your flight with a local chapter or Young Eagles coordinator.
4. **Take off!**

## The Next Generation of Aviators

# Come Fly With EAA's Young Eagles!

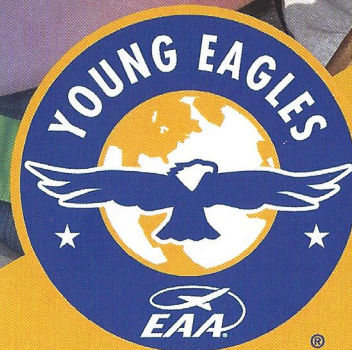

This is your opportunity to experience the freedom of flight that many people only dream about. You'll fly with a local EAA volunteer pilot who will show you what real pilots do on the ground and in the air. You will remember this experience for the rest of your life!

After your flight, your pilot will present you with your very own Young Eagles logbook with a unique code to activate your **FREE Young Eagles Flight Plan Benefits**.

## Young Eagles Flight Plan:

1. Young Eagles Flight
2. **FREE** EAA Student Membership (\$48 value)
  - > **FREE** admission to nearly 400 science and technology museums
  - > **FREE** Academy of Model Aeronautics Student Membership
  - > **FREE** electronic copy of *EAA Sport Aviation* magazine
  - > Access to valuable flight training awards, educational scholarships, and Air Academy camperships
3. EAA AeroEducate™
  - > Have fun with aviation-based STEM activities that you can do at home or out at the airport.
4. **FREE** Sporty's Learn to Fly Course access (\$279 value)
  - > Online private pilot ground school, so you can take the first step in training to earn your pilot certificate. Once completed, EAA will even reimburse you after you pass your FAA Knowledge Exam! (\$175 value)
5. Earn a **FREE** Flight Lesson Voucher (\$130 value)
  - > After completing the first three lessons in Sporty's you will be eligible for a free flight lesson voucher.

## What is Young Eagles?

The EAA Young Eagles program was launched in 1992 to give interested young people ages 8 to 17 the opportunity to go flying in a general aviation airplane. The volunteers who participate in the Young Eagles program are local members of EAA who are volunteering their time and aircraft to make your flight possible. EAA is a membership organization based in Oshkosh, Wisconsin. Our more than 250,000 members are dedicated to growing participation in aviation.

### A special message from your chairman

*"Without the guidance of the mentors I had at EAA, I wouldn't be who I am today. I, along with 42,000 other pilots are now helping light that same spark for kids through EAA's Young Eagles program. Since 1992, volunteer pilots — my personal heroes — have flown more than 2 million kids as part of the program. The Young Eagles program has had a huge impact on general aviation."*

— Sean D. Tucker  
Hall of Fame air show performer  
Young Eagles co-chairman
