February 2020 Newsletter - **410 BLAST**

This Month – Meeting at the Geneseo Airport – 3G8

This month, February 1st, we will meet at 7:30 pm as usual in the Gen-Air Kitchen/meeting room on the airport in Geneseo.

Now this being winter and the recent pattern of snow on or near the week-ends the meeting is subject to cancellation. The Chapter President will make every effort to notify all members of cancellation by text or phone if possible.

Note: Many of us meet at Culvers in Geneseo around 6 to 6:15 pm for supper ahead of the meeting. Everyone is welcome – we set at separate tables or move some together as we are able to depending on table space available. It's a great opportunity to visit.

Anyone interested in aviation is welcome. We have aircraft builders, aircraft restorers, pilots, mechanics, non-pilots, and people just interested in aviation as members. Our monthly chapter meeting usually consists of a short business meeting followed by refreshments and then a short program. The programs vary from month to month. We encourage all who have an interest in aviation to join us. Please come and visit with us this evening.

So come on out to our next official meeting **February 1st** at the Geneseo Airport see what we're about. Join us and be open to experiencing aviation in many different ways. We are a small group looking to grow.

February's program will be presented by Daryl Dierwechter, an update on his Zen-Air project.

Anyone interested in presenting a program please call Dion @ 815-535-3501. Don't be shy – we are all a fun loving bunch and are very supportive. Normally we will have a short business meeting followed by a short break to set up the program, have refreshments, and time to socialize and get better acquainted with your friends in Chapter 410. The minutes for last month are included later in this little short newsletter.
