April, 2025

President's Corner.... By Chapter 43 President Roxie Juul

Hi everyone, welcome to April!

There's a rumor circulating that EAA CHAPTER 43 is dying. Just to let you know that EAA CHAPTER 43 is alive and well! As you can see from our low number (43) that it is a well established Chapter.

Our past founders of Chapter 43 have mostly come and gone. New members are arriving, to help continue on the legacy of this Chapter. It will continue into the future!

EAA Chapter 43 is a very diverse group of people. I hope all can learn to enjoy each other in all of our common interests.

Have fun observing all those human made objects in our sky!

Next Gathering - Saturday, April 12 2025, 6-8:30 PM

@ the Flatirons Room in the Terminal Building at RMMA (BJC)

Chili Potluck! Send an email to President@eaa43.org to signup with chili and/or fixin's - cheese, sour cream, chips, etc.

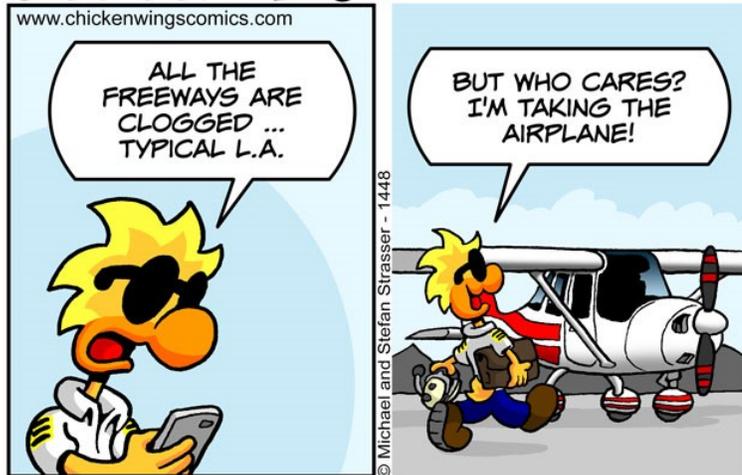

Program: Josiah Harmon with follow-up to the February brainstorming session.

In this issue:

- Title pic - Civil aviation is celebrated on December 7, but I know Chapter 43 includes a number of commercial or retired commercial pilots.
- Chicken Wings - so this is the opposite of what happened to numerous commercial pilots trying to LAND at DIA on 3/31 - wind shear shut down the airport, resulting in all incoming flights requiring diversion to other locations. Those with low fuel all got sent to COS, with more than 20 planes lined up on a taxiway waiting for fuel ! Chapter 43 member and commercial pilot Tobin sat (with a cabin full of increasingly perturbed passengers) for 3 hours. Eeks!
- More details and an RSVP link for an excellent fly-out opportunity coming up on April 26th, check it out on page 2 and in the Calendar on page 3.
- Starting on page 5, there's discussion of the chapter president election do-over at the April meeting with bios of the candidates. Please try to attend the meeting so we can navigate a clear path forward and get back to having fun with airplanes and each other again!
- Since I don't have a second set of eyes to review the newsletter, help find my boo-boos for cookies! Let me know at newsletter@eaa43.org and come to the next regular chapter meeting for your cookies! If you'd like to contribute a calendar event, a newsletter article on a trip, a tool, component, or aircraft review, a how-to for build or test, historical or ANYTHING airplane or chapter related, don't be shy. You can email newsletter@eaa43.org with anything ya got in electronic format, or hand me a hardcopy. Gmail limits attachments to 25MB, so if it's bigger than that, try multiple emails, Dropbox, Google Drive, etc.

CHICKEN WINGS®

BY MICHAEL AND STEFAN STRASSER

Coming in April -

From past Chapter 43 VP Ayden Edgar:

The Aviation Club at Colorado State University in Fort Collins is hosting a Pancake Fly-in on the 26th of April at Christman Airfield, CO55, in Fort Collins.

CSU has ownership of this private airstrip to the north west of campus. Previously serving as the Larimer County airport in the WWI era, later relieved from service by the Fort Collins Regional Airport, and then by FNL, Christman Airfield sits at 5,160 feet with one paved runway, 16-34. This runway is surprisingly long at 4,000 feet, and 60 feet wide.

Christman has FAA Identifier CO55, but that is not listed on the sectional, so find it on the sectional at 40° 36'N 105° 9'W. For purposes of GPS or Google Maps, 40.591379, -105.143871

The fly-in will be April 26th from 7:00 am till 12:00 pm at Christman Airfield (CO55). We will have food available for purchase, is what I am told. We also are asking that any pilot planning to fly-in fill out an RSVP form at <https://forms.office.com/r/vLw20CEWqS>. This will help us gauge how much food to be prepared to serve, and make sure we won't overwhelm our small non-towered airport.

What a great way to get to land on a private airstrip!

Upcoming Events Calendar

2025 CHAPTER EVENTS

APRIL

- Tue 8 Chapter 43 VMC Club, 6PM, live and virtual, contact andresmith76@outlook.com
 Sat 12 Chapter Meeting at the Flatirons room at BJC, 6PM.

* Most events at Wings Over the Rockies Air & Space Museum and Exploration of Flight require museum ticket pre-purchase. That's not a bad thing, it keeps the museums running!

Looking ahead - Aviation and Space Camps at Wings Over the Rockies Air & Space Museum and Exploration of Flight begin June 2nd! Take a look at <https://wingsmuseum.org/events/list/page/2/> if there's a young person in your life that would be interested!

The March rally was a disaster. The website's compatibility with various browsers is hit or miss. The Apple browser isn't totally compatible. Everything works except printing. We were unable to print registration forms or flight certificates. Turns out the most compatible browser is Chrome. 38 kids were flown by 6 pilots.

For April registration, I had it set up for one flight and 39 waitlist slots. Turns out if there's no guarantee for a flight, they didn't register. It took 2 days for the waitlist slots to fill. We ended up with 21 first timers. As always we need more Pilots and Ground volunteers.

Clifford Hasenbalg
EAA Chapter 43 Young Eagles Coordinator

Chapter Name Tags

Want an official chapter name tag? See Herrill Davenport. Payment to Herrill is requested before the tags are ordered - \$9.75 for a pin fastener or \$10.75 for a magnetic fastener. He'll have your name tag at the next meeting!

Social Media Co-Coordinators John Kellogg & ???

Currently looking for a new Co-Coordinator! John administers Chapter 43 accounts on Facebook, Instagram, and Twitter, but he needs help! And content! Send Chapter announcements and project/flight/event pictures and stories to johnkelloggflys@gmail.com. Links to the Chapter Facebook and Twitter accounts have been added just under "Welcome to Chapter 43" on the Chapter's homepage at www.eaa43.org. If you select the Instagram logo in the same area, it will take you to [instagram.com](https://www.instagram.com/eachapter43) where you can type in the handle @eachapter43! If you use Facebook you can find the Chapter 43 accounts by searching for EAA Chapter 43 or @EAA43. If you use Twitter, search for @eachapter43.

PLEASE contact John at his address above, and Chapter Secretary Val Gregory at newsletter@eaa43.org if you can help as a Co-Coordinator!

From Membership Coordinator Mike Savino

IF YOU'RE NOT GETTING CHAPTER EMAILS email me at eaa43membership@eaa43.org! And to help prevent those emails from ending up in your spam folder, please add eaa43membership@eaa43.org to your email contact list. We can't control how e-mail is marked as spam. What we can do is add the contact and this will help.

If you're not sure of your membership status, see me at the monthly gathering or email me at eaa43membership@eaa43.org. You can renew at <https://chapters.eaa.org/eaa43/join-or-renew> or bring a check made out to EAA Chapter 43 to the next meeting. Periodically the chapter sends out emails from eaa43membership@eaa43.org to all members.

You can also check your membership status in the online roster which you can access at <https://roster.eaachapters.org/main> and log in with the login FirstnameLastnameEAA43 (that's YOUR first name and last name) and your EAA National password. Don't have a National password? Go to <https://www.eaa.org/eaaf>, click on "SIGN IN" in the upper right corner of the webpage, and click on "Create an EAA.org Account" in the popup window to get access! If you STILL don't have access, contact me at eaa43membership@eaa43.org

Scholarship

We have selected this year's Scholarship Awardees and their scholarships have been approved by the Board of Directors. The Scholars will be introduced at the Chapter Picnic in June.

The Scholarship Committee
mikesutton@gmail.com
suttonjennym@gmail.com

EAA Chapter 43, Denver, Colorado

To: The Members of EAA Chapter 43
From: Your Board of Directors Cliff Goldstein
Subject: April Elections

Prelude: In February, our chapter meeting focused on the revitalization of our Chapter 43. We went around the room asking members what they felt would re-energize our group, what personal interests or activities they would like to see. A group was formed to categorize the member responses.

Action: On March 15th your board met to determine a direction based on the February meeting and the vision of the board. The board identified leadership and communications as primary to start revitalization.

At our April meeting we are going to redo the election for president of our chapter.

We are appealing to our members to “get involved”. The presidency is a leadership position and by this letter, I’m asking for members who would like to be considered for the post. The presidency is an elected position, not one assigned by the board, and we need you to step forward if you feel you have leadership qualities. The committee formed in February has a good plan that a new president could lead the chapter to initiate.

If you are interested, and or simply want to discuss what is involved in the position, please call me or any member of the board to discuss.

Please don’t wait for another member to step up. From experience, being president is not difficult, and for me incredibly rewarding and fun. Today, the existence of our chapter is at stake. If this is important to you, please get involved. It’s also extremely important you attend the April meeting.

Best Regards,

Cliff 720-280-2916

Candidate Bio – Jackie Kudron

- Vice President

MILE HIGH EAA CHAPTER 43 Jan 1,2025 to present Broomfield CO, United States · Hybrid

- General Aviation Committee Vice-Chair

- Aug 2024 - Present · 8 months Remote

- NGPA Inclusion Training Team Volunteer

- Oct 2022 - Present · 2 yrs 6 months United States

- Master Chaplain

- Chaplain Fellowship Ministries International Feb 2005 - Present · 20 yrs 2 months Denver, Colorado, United States

- THE WHEAT RIDGE UNITED METHODIST CHURCH

3 yrs 8 months Wheat Ridge, Colorado, United States

- Director outreach ministries.

- Volunteer unpaid position.

- Skills: Customer Service Representatives · Phone Etiquette · Skilled Multi-tasker · Data Entry · Supervisory Skills

- Office Manager

Full-time Dec 2022 - Jun 2023 · 7 mos

- Skills: Basic Math · Receptionist Duties · Computer Literacy · Customer Service

- Representatives · Spreadsheets · Financial Performance · Phone Etiquette · Skilled Multi-tasker · Customer Satisfaction · Data Entry · Mathematics · Customer Support · Team Building · Coaching · Supervisory Skills

- Lead Ramp Service Agent / Safety Advocate

United Airlines Apr 1987 - Jun 2020 · 33 yrs 3 months Denver International Airport

- Retired as a Safety Advocate with Denver Ramp Services, Emergency Response Process Coordinator.
- Skills: Emergency Procedures · Basic Math · Computer Literacy · Spreadsheets · Financial Performance · Guided Tours · Phone Etiquette · Safety Practices · Skilled Multi-tasker · Customer Satisfaction · Data Entry · Mathematics · Customer Support · Team Building · Coaching · Safety Audits · Supervisory Skills

- Asst. Chief Chaplain

Grace Chaplain Services Sep 2012 - Nov 2014 · 2 yrs 3 months North Denver Metro area and Front Range

- Fire/EMS Chaplain
- Skills: Phone Etiquette · Skilled Multi-tasker · Customer Satisfaction · Team Building · Supervisory Skills

- Park Hill United Methodist Church - Vice Chair Board of Trustees

Highest Education honor, Doctor of Divinity, Chaplaincy Studies (DDCS)-Chaplain Bible Institute

Master of Arts, Biblical Studies (MABS)- Trinity Graduate School of Theology

My view as President, this is the membership's Chapter. As President my function is to provide the guidance and resources to help make it the chapter the membership wants, to include everyone from the new aviation enthusiast to the most experienced pilots and builders. Our monthly gatherings are intended to be fun social events with education and advocacy of the Aviation community. Board meetings are the place for club business. Gatherings are for fun and social bonding within all aspects of the aviation community. Be it potluck meetings, movie nights, guest speaker nights, or other social networking. We need to stop being invisible in the community and start advertising by poster, handouts, special events, fly-ins/outs, breakfasts, dinners, special movie nights, word of mouth, etc. This is my vision: to grow and include everyone, return the chapter gatherings to the membership, promote our special interest groups (IMC, VMC, Builders, Young Eagles) and keep the business of the club at board meetings.

Jackie

March 17th, 2025

EAA Chapter 43 Board and Members,

First I'd like to thank you for the chance to run for president. When I was 10 years old I took a Young Eagles flight and I have been hooked on aviation ever since. Even though my early career was outside of aviation, I still found myself looking up every time an airplane passed overhead. When I decided to get my private pilot certificate in 2020 I immediately became an EAA member. I knew I wanted to be a part of the community that displayed the passion and dedication to aviation that those volunteers had during my first Young Eagles flight.

Although I have been a part of Chapter 43 for less than a year I deeply care about this community. Our clubs (VMC, IMC, Builders Club) and Young Eagles provide immense value to our members and the larger community. However, it is no secret our chapter needs some life breathed into it.

As president of Chapter 43 I will strive to create a vibrant and growing aviation community, where every member is valued and excited to contribute. Based on feedback from chapter members I believe we can get there in 4 ways:

1. Engaging events that better meet members' desires
2. Youth involvement through Young Eagles, STEM, and other programs
3. More focused education for chapter members (including youth)
4. Improved communication within the chapter

But we have to do this together. It is no single person's task to bring the chapter into fruition. Just like Airventure could not exist without thousands of volunteers, Chapter 43 cannot exist without your contribution. Let's carve a path together towards a bright future.

I humbly ask for your vote to be your next EAA Chapter 43 President. Please see the following page for my qualifications.

Sincerely,

A handwritten signature in black ink, appearing to read 'Josiah Harmon', written in a cursive style.

Josiah Harmon

Summary

- **People are the Priority** – It takes a great team and great customers to get great results
- **Focused on the Details** – High quality means every piece of data and every conversation matters
- **Process is Key** – Sustainable, repeatable methods pave the road for excellence
- **“Big picture” Oriented** - Mission, vision, and values are central to every decision

Skills

- Team Leadership
- Project Management
- Procurement and Sourcing
- Sales & Marketing
- Resource Forecasting
- Logistics and Warehouse Management
- Software: MS Office, G Suite, Dynamics 365, Asana, Monday.com, Adobe Creative Cloud, ProTools
- Audio, Video and Lighting Design
- Metal Fabrication & Carpentry

Relevant Experience

JULY 2024 - PRESENT

CFI & CFII / Rocky Mountain Flight School | Broomfield, CO

- Focused on creating great pilots through providing detailed, thorough instruction
- Committed to safety, precision, and constant improvement in all flying activities
- Over 700 hours of safe operation in one of the nations’ busiest airspaces

JUNE 2022 - SEPTEMBER 2023

Integration Project Manager / IPS | Franklin, TN

- Designed and managed installation of complex technical systems in live performance venues
- Oversaw budget and procurement timelines for all Integration projects
- Utilized Lean and Scrum management methodologies to deliver systems on time and on budget

APRIL 2019 - JUNE 2022

Project Manager / Solotech US | Nashville, TN

- Deployed over \$10 million in audio, video, and lighting projects
- Assisted upper management in combining operational processes during company acquisitions
- Headed up procurement and logistics for over \$6 million in projects and box sales

SEPTEMBER 2022 - MARCH 2023

Crew Chief / Downwind Flying Club

- Managed all maintenance activities for a Piper Archer II
- Sought opportunities to include members in maintenance events, such as annual inspections
- Coordinated between club leadership and A&P’s to ensure timely return to service

Education

MAY 2013

B.A. - Management, Concentration - Music Business

Northwest University | Kirkland, WA

Cliff's Notes

I'm going to comment on the Young Eagles day to begin with. Because of the new system, we accidentally had 50 kids that signed up and fortunately only 44 showed up. As usual for March, it wasn't only cold but we had just enough wind that chased most into the FBO at Vector. They provided great hospitality. Thank you Vector!! I didn't get to fly because I'd failed to fill out the forms regarding how to properly... no I just can't put it in writing, but we have to be approved by the EAA to fly kids so we know what not to do. Meanwhile because several of the pilots did not renew in time, we had a shortage of pilots and an excess number of kids. Erg.

Emarit Ranu started an RV-14er group because we now have so many of this very popular Vans aircraft not only on our field but in the greater Denver/Springs area. After 3 tries due to weather, we had a Pancake breakfast at my home last week with 11 members in attendance. Plenty of Coffee, and Pancakes with other goodies to go around. As this was our first meeting, many new meetings with new friends. We of course talked about our great planes and the performance. All the different quirks we each have experienced. Ignition systems were a popular subject as some have standard mags while others are using either P-mags or EFII by SDS or Protek. We ended up out on the deck watching planes finally emerge from their cocoons as the weather began to clear giving way to a beautiful Colorado sky.

One of our group was in the process of building an airplane he'd never sat in. George and Amber Pelletier have been building for awhile and George was working on a Garmin wiring install. As the group thinned, and the skies began to open up more, I asked George if he'd like to go for a ride.

Talk about a kid in a candy store, and the pleasure I'd received giving a fellow builder a ride in the plane he was building. We didn't go crazy but I had George do most of the flying with a few minutes of me showing the performance of the aircraft.

There's nothing like the feeling of seeing the joy in a young person's heart when they take the controls and take to flight.

I will keep this month short; I did take a quick ride to Salida with Scott which is always fun. I was amazed at how much runway we chewed up going down hill with about a 7-knot tail wind. It's a long runway but we really chewed it up.

We have presidential elections coming up this coming Saturday. It's very important we all get out and vote. We all know how important that is.

Windy spring with lots of fun cross winds. Get out and enjoy it.

Cliff

Chapter 42

From our friends at Aerocygnet

Please let me know if you or organization would like to participate in our building of a Zenith Cruze in 5 days at the August Larimer County Fair <https://p.constantcontactpages.com/cu/WzAFIIQ/AeroCygnet>

P.S. Let me know if any of your Young Eagles would want time in our Flight Simulator at our private business club in Fort Collins, www.acaofnoco.club

RV-6A builder and misc. parts for sale \$42,000

The EAA community lost a member in November of 2024. Bill Cherry was my Father-In-Law and passed away in November of 2024. Bill resided in Loveland Colorado and has a hangar at KFNL Northern Colorado Reginal Airport. I have great community of EAA builders and pilots at the airport helping me sort items and identify what he had. Bill bought his RV-6A in 2004 and flew it until 2010. He started the project of replacing the avionics, removed the engine, firewall, dash, and fuel tanks. I believe he stopped working on it ~2017. He collected several partial builds which I have listed here as well. **The family would like to sell this as one lot...** the airplane will be sold as “parts”, engine, all sheet metal builder parts (wings, ailerons, stabilizers, rudder assemblies, flaps...ect.), electronics, propellers, engine mounts, fiberglass. After extensive search, we have not located the logbooks for the period of time Bill owned and flew the aircraft.

Disclaimer: Significant effort was made to validate the accuracy of this advertisement however all responsibility rest on the buyer to verify components. Due to the disassembly of the project, the RV6 is being sold as parts not an airplane buyer will have to complete and register project with FAA as the new builder.

Please contact: Pat Kelly for more information call or text @ 970-443-0220 or email at pkheybuddy@gmail.com

REGULAR EVENTS

YOUNG EAGLES - Coordinator Cliff Hasenbalg

The registration for the March Rally was a disaster. By the time I got a handle on it we had 50 kids signed up with 5 on a waitlist. Filled in less than 15 minutes. As of now we have 3 Pilots for the rally. This is the year that most of our Pilots need to do the Youth Protection course and background check. We like giving each kid the co-pilot experience. This may be one of the rallies we fill the 4 seat planes. 37 of the 55 kids haven't flown before; 1 has 8 flights with us, different pilots every time! More current pilots (i.e., current Youth Protection trained and background checked) needed, or the event may be cancelled. Roxie suggested calling area chapters to recruit pilots. Weather may cancel the event; Cliff will reschedule with signup configured for 35 max.

When: Thursday March 27, 6:30PM

SCHOLARSHIP UPDATE

THE Board of Directors has approved this year's scholarships. \$20K split among 5 scholarships, plus a Ray Foundation scholarship totaling \$12K (split between Chapter 43 and the Foundation).

SAFETY CORNER - Sarah Winkler

Sarah had to work tonight, but Jeff Holdridge asked about an RV-7A that went down 3 miles southwest of Limon.

CURRENT EVENTS

March EAA Leadership Boot Camp

Val Gregory gave a status report on preparations for the event hosted by Chapter 43 on March 21-22. Currently preparations are all in place. Roxie noted that EAA Webinars completed by chapter members earn chapter credit!

Stan Specht - Jean Pierre Vernier passed away in December at age 87. One of his aviation accomplishments was finishing a race from France, to Britain, Greenland, Iceland, Newfoundland, and finishing in Washington DC!

Larry Earnshaw - Cliff Goldstein asked if anyone is interested in a BJC port-a-port for sale.

Frank Johnson reported on the dissolution of the Grass Valley EAA Chapter 1175, whose members had all aged out or died. (Publisher - this was Chuck Yeager's chapter.)

Herrill Davenport asked about the VMC Club schedule - 6PM on the second Tuesday of the month, including dinner, in a member-owned hangar designed for big groups.

Jeff Holdridge noted that Vintage Chapter 42 is inviting participation in a 5-day-build of a Zenith Cruze kit plane at the Larimar County Fair in August. (Publisher - see flyer on page 11.)

Roxie invited the membership to the 120th and Lamar Applebees after the meeting, noting that we have to be out of the meeting room by 8:50, so feel free to stay and chat a bit!

Respectfully Submitted,

Val Gregory

EAA Chapter 43 Secretary

Parting Shot!

Somewhere in an alternate universe (sure wish I knew what wormhole leads there!)

submitted by /u/Tetragon213

CollegeHumor

Publisher - As I stepped out of the Freddy's near the south end of Kipling last Friday, a pair of F-16s turned over the restaurant, banked so they could SEE ME WAVING and jumping up and down! Doesn't get much better than that! (Yes, someone on Nextdoor assumed we were being invaded...)

Membership Enrollment Information

(Needed for Current Roster & Chapter Correspondence)

MANDATORY INFORMATION: *If nothing has changed from last year, this is all the information required. We need EAA Membership # and EAA Renewal date to comply with EAA Charter and Chapter 43 by-laws.*

Date: _____	Annual Dues or	\$25.00
Name: _____	Save! 5 years for	100.00
National EAA Membership #: _____	Scholarship Donation (Optional)	____.00
EAA Membership Renewal Date: _____	Total	.00

Are you a:

Technical Counselor	Yes ___ No ___
Flight Advisor	Yes ___ No ___
CFI	Yes ___ No ___

Scholarship donations are tax deductible.

*Please make check(s) payable to:
EAA Chapter 43
P.O. Box 1725
Broomfield, Co. 80038-1725*

NEW MEMBERS PLEASE COMPLETE - RETURNING MEMBERS OPTIONAL INFORMATION: *Supply any information that may have changed from previous year (if you want a field deleted from your record, please tag it).*
