April, 2014

Next Meeting

Saturday, April 12, 2014

**7 P.M. @ the Mt. Evans Room in
the Terminal Bldg. @ Metro Airport.**

For the program portion of the meeting, Stephanie Wells will be making a presentation describing her recent 3-week trip flying a Cessna 206 in Central America. She flew as a volunteer pilot supporting scientists studying environmental issues in Guatemala and Costa Rica. Stephanie will address performance issues associated with weight and balance as related to personnel, equipment, and fuel loading. She will also relate her experiences in crossing international borders and communicating with Spanish speaking air traffic controllers. Thanks to **Ken Scott** for setting this up!

Editor's Corner

The EAA and AOPA have made a call to arms, asking members to write, call, or email their Congressional Delegation in support of the General Aviation Pilot Protection Act (GAPPA), which has now been introduced in both houses of Congress. The EAA has made it easy to sign a petition & comment, if you so desire, here -

<http://govt.eaa.org/14781/support-general-aviation-pilot-protection-act/>

If you agree with this proposal, as the vast majority of pilots seem to, I strongly urge you to take advantage of this opportunity to have your voice heard!

John

CHICKEN WINGS®

BY MICHAEL AND STEFAN STRASSER

Pilot coming in with his buddy who had never flown before:
Pilot: *"This is 1234 Delta five miles north for landing with Mike."*

The tower clears him and he lands. When they shut down, the passenger, whose name is Mike, says, *"Why'd you have to tell them that I was with you?"*

***** Answer (from p.1): *Westland Lysander Mk 3A* *****

Latest Updates and Information

By Scott Serani

In our last meeting on Saturday March 15th, we started off with a ground school class given by Brandon Leeper and John Elliott on weather and how it affects us in aviation – great class guys!

Following the ground school class, presentations were made by our Vice President candidates followed by a vote of the Aviators to elect John Elliott and Ashley Sharpe as Vice Presidents for this coming year. The two of them will now assist Brandon with YA duties for the year. Congratulations to both John and Ashley.

It was then off to the hangar to begin clean-up efforts on the gyrocopter.

OUR NEXT FORMAL MEETING(s):

April 5th 11:00a - 2:00p

Meet at the McEwen hangar for project work on the Gyrocopter, Kid-EZ and B25.

April 19th 11:00a - 2:00p

Meet at the McEwen hangar for a Ground School presentation by Destiney and Ashley followed by project work on the Gyrocopter, Kid-EZ and B25.
