Lynn Miller about to announce the winner of the Orange Crush Award

Scott Serani with son Eric presenting him with a key to the "Man Cave."

Waiting for the B-2 flyover

Nobody is taking the soy burgers and tofu pups

Chapter 43 next meeting will be June 11 at 7 PM at Metro Airport

When do I get to grill?

Just a minute. I spilt coffee on my notes.

I think I got the hang of this now. You turn them over half way thru.

I got my hand stuck again.

Lynn announces that Emilia wins the beauty contest.

Where did all these eggs come from?

For a quarter, you can have some of my catsup.

Karen enters the "Man Cave" with a special visitors pass.

These guys think they are getting to be first in the food line. Not going to happen.

When I grow up, I'm going to be a Pitts.

Picnic Minutes of May 14, 2011

The Chapter 43 Annual Picnic was another success. The turnout was very good and all appeared to have a good time. The sky was cloudy and the temp was a bit chilly, but the rain held off till the very end.

In the absence of Brian Cabebe, Scott Serani started the short business meeting. Special thanks were given to the organizers of the picnic. Herrill and Daphne for food service, Lynn Miller for the tables and chairs, Roxie Juul for the sundries, Tom Krell and his dad Tom Krell and Carl Harris for grilling and Roger Newman was instrumental for the table center pieces.

Steve Beach gave an announcement about the Chapter 43 rib building booth at Oshkosh. He had a sign up sheet for any volunteers. For a 4 hour shift at the booth, the next day admission to Air Venture would be free.

A very proud father, Scott Serani, introduced his son Eric who is graduating from CU “Magna Cum Laude” in Aerospace. He will be heading for a position with Boeing.

Lynn Miller introduced the staff of the Scholarship Committee. Scott Serani, Gene Horsman, Steve Beach and himself. With the generosity of Chapter 43, three scholarships were awarded. The recipients were Thomas Cabrera, going to Air Camp, Scott Boyle and Emilia Barr for flying lessons. They all had high marks in school and other outstanding qualifications.

Things To Do and Places To Go

Fatal plane crash at Erie Airport, May 22, 2011

Christian R. Hansen (Ib) died in a fiery crash on Sunday morning in a maiden flight of a Cassutt 111M aerobatic racer. Lb and his son had built the plane for a Texas client who was following in a chase plane. After leaving Rwy 33 at Erie Airport, the plane reached about 300 feet and turned left and went down from there.

Lb, a native of Sweden, was a very experienced builder and pilot. He had over 40 years of flying, even in the Reno Air Races. He owned a machine shop in Arvada. The plane will be taken to a hanger in Greeley by the NTSB for the total investigation. He will be missed greatly by the aviation community. Our condolences to family and friends.

A memorial service will be held on Sunday, June 5th at 4PM at Mitchell's hanger which is the NW corner of the West row of hangers at Erie.

You Need A Laugh

What kind of "Tator" are you?

Some people are very bossy and like to tell others what to do, but don't want to soil their own hands.
They are called "Dick Tators"

Some people never seem motivated to participate, but are just content to watch while others do the work.
They are called "Speck Tators".

Some people never do anything to help, but are gifted at finding fault with the way others do the work.
They are called "Comment Tators".

Some people are always looking to cause problems by asking others to agree with them. It is too hot or too cold, too sour or too sweet.
They are called "Agie Tators".

There are those who say they will help, but somehow just never get around to actually doing the promised help.
They are called "Hezzie Tators".

Some people can put up a front and pretend to be someone they are not.
They are called "Emma Tators".

Then there are those who love and do what they say they will. They are always prepared to stop whatever they are doing and lend a helping hand. They bring real sunshine into the lives of others.
They are called "Sweet Tators".

FUEL PUMP FOR SALE

FOR SALE: Engine driven fuel pump for fuel injected Lycoming IO-320, IO-360, IO-540. This is a high pressure pump (25 psi) that I purchased by mistake. It is not returnable because it was mounted on my engine, but it only has about two minutes of run time before I realized I had the wrong pump. It has been overhauled by Tempest and is P/N 40296. My cost was over \$200, but I will sell it for \$175 just to recoup some of my cost. Call Dave Bieseemeier at 720-480-5825 or email at dbieseemeier@comcast.net.

Roger Standard is selling his 1/4 share of this RV-6A N167CS w/ O-360 hangered at Vance Brand in Longmont. Contact: n5773a@hotmail.com
Come see this plane.
