The next Chapter 43 meeting will be a presentation by Mark Michaelson of the USDA  
Forest Service Air-Tanker Base at Metro Airport.  
7 PM June 12 in the Mt Evans Room of Metro Airport Terminal.

### Minutes of Short Picnic Meeting

*Scott* started off with the anecdote of the month. "WordPerfect Help Desk."

The minutes of our last meeting were accepted.

This meeting will not include any Progress Reports, no Trip Reports, no Safety Reports. It will include lots of eating and hanger stories.

**Scholarship Report:** *Lynn Miller* reported that the Chapter 43 Board members approved the following scholarships.

*Destiney Krell* was awarded a scholarship to attend EAA Basic Air Academy this year from June 25 to July 1.

*Tyler Garrod* was awarded a scholarship for \$1,500 for flying lessons. His goal is to attend the Air Force Academy.

*Bradley Maurer* was awarded a scholarship for \$1,500 for flying lessons.

*Dallas Toon* was awarded an additional scholarship for \$500 for flying lessons. *Dallas* received \$1,000 last year from us and then soloed on his 16th birthday, Jan. 21, 2010

**Treasurer Report:** *Roxie Juul* reported the scholarship fund, checkbook and CD balances.

**Membership Report:** *John Reuterskiold* reported 118 regular members.

**Young Eagles Report:** *Art & Miles* shared about the upcoming Erie Days and the need to have volunteers for setup, takedown, pilots and ground crew. Last year over 50 kids were flown.

**Snowbusters Report:** *Tom Tomlin* shared about the success of the event, Having it in a hanger out of the elements helped greatly. He thanked the many volunteers that helped.

**Picnic:** Thanks to *Herrill Davenport* and many others, the picnic was another huge success.

**Dean Cochran:** *Dean* was recently reported having cancer (not lung). He was presented with a huge GET WELL card signed by many members of the chapter. *Dean* was one of our original members and officer when the chapter started in 1958.

### RV Formation Flying

I am trying to organize a local group of RV owners who are interested in learning to fly formation in their RVs...the right way, in a very structured environment. We have a core group of experienced formation pilots, and are willing to teach the art of formation flying to other interested RV pilots. No previous formation experience is necessary, but anyone who wants to be involved MUST have a high level of skill and expertise in flying their RV, AND a willingness to commit to a challenging program. Sorry, this is not for low time, inexperienced pilots. We won't be teaching people how to fly their RVs, but how to fly FORMATION in their RVs. Anyone interested can contact me at the email address of phone. We typically fly out of BJC, LMO, FNL, or GXY.

Jim Gray [n747jg@earthlink.net](mailto:n747jg@earthlink.net) cell, 303-949-9531.

# ANNUAL MAY PICNIC

## Young Eagle Report

### Upcoming Young Eagle Rally's

June 19	EIK (pre-registration) 7:30/11:30
July 17	EIK (pre-registration) 7:30/11:30
August 21	EIK (pre-registration) 7:30/11:30
September 18	EIK (pre-registration) 7:30/11:30
October ?	EIK (Legacy High School)

### Eric Town Fair

We signed up 24 kids and had ground school with Don Smith, Destiney Krell and Chuck Custer for 21 of those kids. The event was called off after 2 1/2 hours of bad weather. Thanks to all the volunteers, Dale Alexander, Rob Breibauth, Roger Newman, Destiney Krell, Dallas Toon, Mike Powell, Chuck Custer, Don Smith, Al Godman, Scott Serani, Erie Serani, Jean-Pierre Verdier, Tom Krell, Herrill Davenport, Cliff Goldstein, Georg Grell, Rod Lueck, Lynn Miller, John Reuterskiold, Greg Hall, Myles Lee, Nila Miles, Art Schwarz, Stan Specht, Brad Anderson, Stephanie Upchurch, Stephanie Wells, Michael Maya Charles, Mary Mitchell, Roxie Juul, Paul Hahn, Bill Mitchell, Bradley Maurer, Dave Johnson, and John Juul.

After a reschedule date of May 22, the winds were too high to fly. The crew that day was Jean-Pierre Verdier, Bill Mitchell, Mike Powell, Chuck Custer, Don Smith, Scott Serani, Myles Lee and Art Schwarz.

### You Need A Laugh

#### Military Truisms

- "Aim towards the Enemy." [*Instruction printed on US rocket launcher*]
- When the pin is pulled, Mr. Grenade is no longer our friend. [*From a US Field Manual*]
- Cluster bombing from B-52s is very, very accurate. The bombs always hit the ground.
- Whoever said the pen is mightier than the sword obviously never encountered automatic weapons.
  - Don't ever be the first, don't ever be the last, and don't ever volunteer to do anything.
    - If your attack is going too well, you are walking into an ambush.
  - If you find yourself in a fair fight, you didn't plan your mission properly.
    - Don't draw fire; it irritates the people around you.
    - No combat-ready unit has ever passed inspection.
      - Any ship can be a minesweeper . . . once.
        - If the enemy is in range, so are you.
          - Tracers work both ways.
          - Friendly fire isn't.
      - Five second fuses only last three seconds.
      - Never share a foxhole with anyone braver than you are.
  - The problem with taking the easy way out is that the enemy has already mined it.
    - Incoming fire has the right of way.
  - The quartermaster has only two sizes: too large and too small.
    - If you can see the enemy, he can see you.
  - And never tell your Platoon Sergeant you have nothing to do.

### Pilot's Tip of the Month (Pilot Workshops)

#### Turning onto the Runway (Wally Moran)

Two things, at least, you should be thinking of. Take a look at that windsock. The best indicator of the wind you're going to have on your takeoff. Check for traffic on final. Controllers can make mistakes just like pilots can, Make sure you're ready to go. When you are cleared, get out there and go. Don't be sitting on the runway checking your charts, doing your engine checks or chatting with a passenger. Don't be sitting on that runway any longer than you need to.

Roger Standard is selling his 1/4 share of this RV-6A N167CS w/ O-360 hangered at Vance Brand in Longmont. Contact: [n5773a@hotmail.com](mailto:n5773a@hotmail.com)

Chapter 43 has a preferred corporate rate at the Comfort Suites Hotel @ 120th & I-25 in the amount of \$74.99. This rate is for all members and their families. For reservations, call the hotel @ 303-429-5500, mention Chapter 43 and your preferred rate of \$74.99. The computer will pull up all the necessary information. Set up by Sandi Young

**The Calendar**

June 3-6...2010 National Biplane Fly-In at Junction City, Kansas Freeman Field

June 10-15. EAA's B-17 Aluminum Overcast at Centennial Airport

June 12-13. Platte Valley Airshow and Open House

June 12-13. 28th Annual Stearman Fly-In at Saint Francis, Kansas

June 19.... Boulder Airport Day

July 17.... 6th Annual Classic Aircraft and Car Show at Front Range Airport

July 26-Aug 1..AirVenture You know where.

Aug 28-29... Colorado Sport Aviation Air Show at Metro Airport

Sept 11.... National Radial Engine Exhibition and Fly-In at Akron.

Hello fellow chapter members, I hope you are all enjoying the new chapter website, [www.eaa43.org](http://www.eaa43.org). This new site is designed to allow all of us to communicate with each other, so your input is important and requested. To help you get started, here are some step by step instruction on how to post a new topic in a Forum.

1. Log in.
  2. Click on "Forums" in the menu bar that is below the **EAA 43 logo**.
  3. Click on the name of the Forum that you'd like to post a topic (message) in or skip to the next step.
  4. Click on the "Post new Forum topic" text under the Forum name.
  5. In the "Subject" text field, type in a title for your post.
  6. In the "Forums" selection box, select the Forum you want your post to appear in. This should already be set based on which Forum you were in when you clicked the "Post new Forum topic" link, but you can change it if you like.
  7. In the "Body" text box, enter in whatever text you'd like for your topic (message).
  8. (optional) Click on the "Enable rich-text" text below the text box to enable word processor like controls for formatting your text in the text box.
  9. (optional) Click on the "File attachments" text to display the controls for uploading a file to attach to this topic (message). Click on the "Browse" button to search the files on your computer for the file to be uploaded. Click on the "Attach" button to actually upload the file to the web site.
  10. (optional) In the "Groups" controls, select the Groups that you want this topic (message) to appear in. If you don't select any groups, the topic (message) will be available to anyone who views this web site. If you select one or more Groups, only the users who are in those groups will be able to view the topic (message). If you select one or more Groups and also select the Public checkbox, then it's like you didn't select any Groups, the message will be available to anyone who views this web site.
  11. (optional) Click on the "Preview" button to see a preview of what your post will look like. You may then edit anything before saving the post.
  12. Click on the "Save" button to save your topic (message) post and publish it to the Forum.
- Please let me know if you have any questions or suggestions by e-mailing me at [webmaster@eaa43.org](mailto:webmaster@eaa43.org). -Brian

### Stuff for Sale

I have a variety of aircraft and automotive instruments for sale. I would prefer to sell the entire lot for a single price. The one item that could be sold separately are the manifold pressure gage and the Grimes cockpit light. The items are:

Automotive type instruments- \$50 for the lot:

- 0 to 10 PSI fuel pressure gage, 2 1/8"
- 0 to 100 PSI oil pressure gage, 2 1/8"
- 0 to 260° oil or coolant temperature gage 2 1/8"
- Analog voltmeter 2 1/8"
- Digital voltmeter 2 1/8"
- Fuel Quantity gages, 2 ea. for float type senders 2 1/8"

Aircraft instruments and lights:

- 2 1/4" manifold pressure gage \$30
- OAT gage- Cessna or Scott type-\$20
- Fuel flow gage 2 1/4", no sender \$20
- Grimes cockpit spotlight, red/white with dimmer-\$40
- Dave Bieseimer - [dbieseimer@comcast.net](mailto:dbieseimer@comcast.net), 720-480-5825

### Engine For Sale

Lycoming O-320-A2A 150 Hp  
 Total Time: 4307.3  
 Time since Overhaul: 588.6  
 Last overhaul: Dec 1997 by B J Custom Engine Aircraft Engines  
 Removed from PA18 for upgrade to 160 HP.  
 Have all log books since new and current AD list. All AD's current.  
 Have all yellow tags as well.
