Happy 4th of July

NEXT MEETING ON July 9th. AT ERIE AIRPORT AT 7PM.

The World's Greatest Aviation Celebration.
EAA AIRVENTURE OSHKOSH

You've got to be there!

EAA AirVenture always offers once-in-a-lifetime aviation experiences, but this year is shaping up to be extra special. See the world's only exhibition of White Knight and SpaceShipOne together; Steve Fosset's GlobalFlyer; a gathering of Ford Tri-Motors; a bevy of WWII bombers including a variety of B-17's, a B-24, a B-29, and so much more.

If you haven't visited Oshkosh in a while or if you've never experienced the world's greatest aviation celebration, make 2005 your year to attend. You've just got to be there!

Where not to stand during startup

Our last meeting on June 11 was an informative session on LSA and invite to Oshkosh.

Our Treasurer was in Iowa, but Gene Horsman reported the chapter money was still here.

We could use some help with monthly refreshments. See Roger Newman. Also, many thanks to Roger for reinforcing the steps outside our meeting room.

The membership voted to get a compatible printer for the Young Eagles.

Many thanks to the many volunteers that helped out at RMRFI. The event was a big success. The crowd really seemed to be enjoying themselves. The attendance was nearly double from last year.

For the progress reports: Gene has another wing ready to cover on the Mercury. Bob Young has the tail section of a CH701 ready to rivet together and skin.

Next months meeting at Cliff and Patti's hanger to share about Oshkosh.

Michael Maya Charles has finished his book: "Artful Flying" available from www.artfulflying.com.

Progress is still being made on our 501C(3) status.

Colorado Governor Bill Owens signed into law two bills that will benefit general aviation. House Bill 1314 creates aviation development zones to offer economic development incentives to aircraft parts manufacturers located within those zones. Senate Bill 222 is to increase the efficiency of sales tax collection, including aviation fuel taxes, which ensures that the taxes paid at the pump are returned more quickly and efficiently to airports.

JULY EVENTS

July 4 Hope everyone had a safe holiday.

July 9-10 In their Honor Air show at Colorado Springs

July 25—31 Airventure 2005 somewhere in Wisconsin

OSHKOSH TIPS

Apply sunscreen. Bring a pair of comfortable shoes (you be doing a lot of walking) Wear a hat Use lip balm Wear sunglasses Check the forecast (water may come out of the sky) Drink lots of water (bring your own bottle water fountains will be available) Check the web-site for schedules, information, places to visit, area restaurants, and lodging, organize your visit Bring a camera and plenty of film or digital cards Bring your membership card for discounts

Make the most of your visit, bring plenty of money (you may see a part, souvenirs, or airplane you want to buy)

Tom Young built his Kitfox at Erie Airport. He now lives in Alaska with his wife. The Fox has learned to swim! She does very well so far. Full-Lotus inflatable floats just installed. 2600 lbs of floatation seems to be about just right. Tom Young

To: Antique Aircraft Association and EAA Members
From: John O'Donnell
February 2, 2005

The organizing committee of the Colorado Spring's "*In Their Honor Air Show*" would like to invite the members of the Antique Aircraft Association and the EAA to this years event. The dates of the show are July 9th & 10th at the Colorado Springs Airport

We are looking for a dozen or more aircraft for static display for each day.

There is not much available hanger space at COS so we wanted to invite owners to bring in their aircraft on a one day rotation. Of course if you want to stay over night we will provide uncovered tie downs at one of the FBOs on sight.

We would ask that you be on the ground in Colorado Springs by 7:30 each day. (Saturday the 9th or Sunday the 10th) and that you stay until 4 pm. We have a four hour waiver for aerobatics each day, from 11 am. until 3 pm., the show gates are open until 4 pm. If the Weather gets to looking bad we will open the gates to get you headed home.

We want to offer to cover the following for those participating:

1. We will cover your fuel and oil.
2. Meals, breakfast, lunch and a burger before you head home. (Hospitality tent.)
3. Tickets, just in case you have friends coming to the show. Of course we will have a pilots pass to get you in and out of the show grounds.
4. All aircraft that request it will be roped off.
5. Pilots gift package.

If you are interested in joining us please contact John or Carol O'Donnell at:

director@csairshow.com or call us at 719.635.8803

The air show web site is www.csairshow.com

Once you sign up we will send you a personal and aircraft information sheet to fill out and return. If you have a photo we would like to have your permission to use it in the program.
