DISCLAIMER: Be aware that as always, in past, present, and future, any communications issued by Experimental Aircraft Association Chapter 43, regardless of format, and/or media used, which includes, but is not limited to, this newsletter and audio/visual recordings, is presented only in the context of a clearing house of ideas, opinions, and personal experience accounts. Anyone using ideas, opinions, information, etc., does so at their own risk. Therefore, no liability is expressed or implied by the Experimental Aircraft Association Chapter 43, or any of its members. Any event announced and/or listed herein, except as noted, is done as a matter of information and does not constitute approval, sponsorship, control, or endorsement of said event.

## Our Next Meeting:

The next regular Chapter 43 meeting will take place at 7:00 P.M. on November 9th, at the Colorado Aero Tech facility. Meeting to be held in the hanger area. This is our annual election of officers night. See slate of candidates in newsletter.

## Minutes From the October Meeting:

The meeting was called to order on October 12th by president Gene Milligan at Colorado Aero Tech at 7 P.M. Approximately 40 members and guests were present.

Old Business: Patches are in--2 for \$5.00. Please---We MUST bring in revenue to replace funds expended by vote to buy these Chapter Patches. They look great! Please make your purchases now so we can pay for the patches. Holidays are approaching-----buy one for a friend-----buy one for two friends! If you are one of the lucky . . . buy one for three friends!

New Business: We are not going to invest in the number of EAA calendars that we have in the past.

A committee was formed to make our annual banquet arrangements. It is scheduled for the second Friday in January. More of the details will be available at the November meeting. Cost this year has not been established but just like inflation and taxes it is bound to be slightly more than last year.

Please remember that we need to have everyone signed up and paid by the December meeting. Last years' event was a grand affair, let the tradition continue.

Our annual election of Chapter Officers will be held during the November meeting. A slate of candidates has been prepared. If you desire to be on this slate, please let Gene know at 7:00 PM Saturday and you will be nominated.

**Brad's Safety Corner:** Brad reported that there has been 18 experimental A/C incidents/accidents in the Colorado area in the last three months (Jul, Aug, Sep). This cannot continue without drawing the wrath and scrutiny of the FAA-NTSB-local law enforcement and any and all lawyers.

(editor's note) More deligence must be taken in the building and maintaining of these flying machines!!! No one is exempt from the high standards which must be self emposed and maintained. Remember, the next high "G" contact with the planet earth may happen to you or someone you are close to.

## Editor's Notes:

→ Please send "For Sale" and "Wanted" advertisements to Dwight Cresap, P. O. Box 572, Niwot, CO 80544 for inclusion in the next newsletter by the 20th of the month.

→ Send project information with photos and a brief description to above address.

## FROM THE RIGHT SEAT:

Steve Beach

### OCTOBER MEETING:

October was the annual auction month and it was another success. Thanks to everyone that brought items to sell and all of the members that bid and bought the goods.

It was also nice to see so many new faces in the group. Many from the Colorado Aero Tech. All of the students at the Tech may want to note this month's meeting and the speaker/demonstrator.

### NOVEMBER MEETING:

Marvin Wahl has volunteered to give a demonstration on forming sheet metal. As most of you know Marvin is a very accomplished craftsman with metal.

In 1995 he was the expert at Oshkosh on the English Wheel. He has both an English Wheel and a mechanical hammer in his shop. If you have ever desired to see Marvin do his thing, or wanted to know more about forming up parts from sheet stock, this is a meeting that should not be missed.

### OFFICER ELECTIONS:

November is officer election month. We have had some good interest in the VP position but need more people running for the

other offices. Here is the current candidate list:

President:	Steve Beach
VP:	Bud Auman Doug Bloomberg George Hayes
Secretary:	Ron Cothorn
Treasurer:	Mas Yoshida

In addition to the officers the chapter is in real need of a few volunteers. See the next column for a list of what slots need to be filled.

### VOLUNTEERS:

Glenn Grove will extend his involvement with the Young Eagles program for another year. Bob Lee has also indicated that he will help with the YE's. We will see how many members of 43 can fly '10 in 97'. In fact you still have time to fly '10 in 96'.

Herrill Davenport has volunteered to continue with the Coffee Chairmanship. Herrill has done a great job in 1996 providing refreshments for the meeting breaks.

Gene Milligan will be taking on the membership list responsibility. If you know of someone in the area that might be enticed to a meeting by receiving a complimentary copy of the newsletter please give Gene a call.

Gene is also going through the current list to cut out names of people that have not been a member for the last year. If you have not been a paying member, consider rejoining to stay on the mailing list.

We do not have a firm commitment from Gene Horsman or Brad Davenport on their important contributions to the meetings. But we certainly hope that 'Gene's Corner' and the 'Safety Briefing' will continue to be a key part of each meeting.

Now a pitch for the Newsletter editor position. Dwight will be retiring from this valued spot after the December letter. We need someone to fill his shoes and carry on with a key component of the chapter.

Dwight has a big round of applause coming for his dedication to getting a letter out each month. Most months this is a real uphill battle. To help the editor we are hoping that a few people will write articles that can be published. It is the personal aspect of the letter that makes it belong to 43.

The newsletter is the backbone of communication in the chapter. It is the tie to all of the members whether they attend meetings regularly or not. If anyone can take this position for the coming year please call one of the officers, or see us at the November meetings. Thanks.

**FEATURED PROJECT**

In lieu of a FEATURED PROJECT we have a:

**Quiz:** Who is it?-----What is it?-----Engine size?

Bonus points: What size/pitch is the prop?

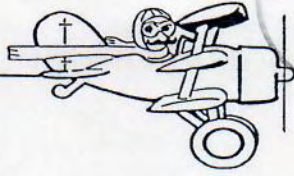

Hints: Pictures taken in 1964.

Featured in magazine of that era.

Winner to receive one free Chapter 43 patch.
