# THE SLIPSTREAM

THE NEWSLETTER OF GREEN RIVER EAA CHAPTER 441 KENT, WA

Volume 26 Issue 7

Next Meeting

**AUGUST!**

In this Newsletter

Photos from Picnic and  
Young Eagles Day!

## No Meeting This Month!

Kick back and relax...Chapter 441 traditionally takes the month of July off. See you in August, where the program will (probably) be member reports of the fun times they had this summer!

Steve Cameron

Steve Cameron reports:

"The Young Eagles Rally on the 13th was a success. We flew 198 kids... 88 of the 160 pre-registered kids who showed up (72 no-shows), plus 110 walk-in kids with just 12 extremely motivated pilots (Bruce Finney, Doug Happe, Andrew Rerecich, Brian Funk, Daniel McCreary, Maher Welaye, Mike Prime, Nick Meyer, Bob Stoney, Stan Kasprzyk, Tom Brown, and Waylon Owens) who flew as many as 10 flights each.

"The good news is that we flew every kid who showed up by 2:30 and didn't have to turn away any kids who were signed up on the walk-in/standby list. Many thanks to everyone who helped or flew!

"We tried a Ground School for the first time, which really sped up the flying operation for the pilots. Shown here, Sommer Scott organized the Ground School team that included Brian Lee, Kat McCoy, and Eileen Bjorkman. I'm especially proud that our chapter supports this event because the demographic of kids we fly from the Auburn area tends to be those from families that face more challenges."

*Photo Booth Aircraft – Cabin Waco owned by husband/wife airline pilots*

Young Eagle Waiting Area

*Ready to Load*

*The Static Display area at the south end included four homebuilts...a replica Demoiselle, Mike Sabourin's Long-EZ, Ron's Fly Baby, and Lee Potter's Glasair S/N 2*

*Not old enough to fly as Young Eagles? About a hundred tykes got to climb into the Fly Baby, and earn their Fly Baby wings. This little guy was NOT going to sit down, though....*

EAA 441 has a dedicated online forum using the Discord server. It's a free service without ads or spam content, and can be accessed via mobile apps or on your PC via a web browser. To sign up, email Edwina Sharp: [ebsharp@centurylink.net](mailto:ebsharp@centurylink.net).

**EAA 441** # project-updates

February 15, 2023

**Steve Cameron** 02/15/2023 11:53 AM  
So, my big honkin' capacitor showed up... I thought it would have the screws included, but didn't. Headed to Tacoma Screw to get some short M5 screws and washers. Also, now I think I need to make some sort of nifty box to hold it for mounting, given the external side is negative polarity. It is way bigger in person than I had thought!

**Mark Owens** 02/15/2023 11:55 AM  
It is huge.... I am sure a physically smaller one will work.... Adel clamps or hose clamps mount them nicely

@Mark Owens It is huge.... I am sure a physically smaller one will work.... Adel clamps or hose clamps mount them nicely

**Steve Cameron** 02/15/2023 12:06 PM  
Thanks!

**Mark Owens** 02/15/2023 12:10 PM  
Would you like to test with this one

Message #project-updates

Chapter 441 is fortunate to have two tech counselors. Feel free to call Brian (253)-369-0489 , or Dave Nason any time. You don't need to wait for some significant milestone in your project.

Remember, this is not an "inspection". The shop doesn't need to be cleaned for a visit. All are quite used to looking at pieces, parts, and assorted bits, and will be happy to answer questions, offer advice, and generally talk about projects, building, flying, or whatever.
