August 2023

EAA 50 flies 122 Young Eagles !

On June 24th EAA 50 flew 71 Young Eagles at Hinde Field and just 3 weeks later flew another 51 Eagles at Huron County Airport. The organization at both events was phenomenal. Dennis Sokol did a great job organizing the Norwalk event. The new pre booking system provided by the National EAA is a tremendous tool both in organization and communication. This along with a hoard of volunteers assured the success at both events.

July 2023

President's Corner

Hard to believe it is now August 2023. Our educational meeting for this month is now over but we were sure busy in July. 71 Children flown at the Young Eagles event at our Historic Hinde Airport (88D) and 51 flown at our southern neighbor airport Huron County (5A1). Now coming up in September, the famous Galloway Chili Fly (IOH3) one of EAA 50's and the Galloway Families finest events! Great food and lots of aircraft. Plane Fun.

Let's talk about some of the "Stars" at our events. It is without a doubt EAA 50 has some of the finest volunteers in

the Experimental Aircraft Association's many chapters. Example at the Young Eagle events we not only have dedicated pilots, we also have set up crew, ground crew, safety crew, under our new online signup system we have sign up crew operating the system, then of course we have our planners who must make many volunteer contacts. Our insurance rules must be followed.

What I'm simply trying to say is congratulations to all. "Great Job" members, volunteers, and our visiting people who also volunteered. You are appreciated!

New at Hinde Field

Two new projects are on going or have been completed this month. A new roof was installed on the hanger 1 workshop along with cosmetic improvements to the back of the building. This Project also included a roof extension off the shop roof to prevent leaking in hanger 2. Hanger 1 is occupied by Ben Gleason and hanger 2 by Tracy Hille.

Also construction has begun north of the runway on a combined project for the Hinde Airport and Scott Bores. This 110 x 36 building will

Remaining 2023 Events

Sept. 9th - Galloway Family Chili Fly In
Oct. 5th. - Annual "Oktoberfest"
Nov. 19th - Annual Fall Banquet
Dec. 1st. - Annual Christmas Celebration

House Scott's airplane, his "toys", and Bores Aviation Parts. Additionally, it will house a 36 x 36 equipment storage for the airport. This new storage will allow for the long over due removal of hangar 3 situated on the edge of runway 29. This move will continue to improve the safety of Hinde Field.
