Chapter Information..... 5

I am so grateful for the fall weather. This is by far is my favorite time of the year. You know, the cool nights sleeping with the window open and half way through the night looking for that extra blanket, the early morning ground fog that we all hope burns off by nine o'clock, the changing color of the trees.

It's the time we put up firewood, prep our homes for the cold weather to come, unpack those long johns, but most of all it is the best time to fly! There are so many events happening this time of the year, I wish there were more weekends to enjoy more of the events.

This past weekend Mary, Mark P. and I attended the RV gathering at Carroll County Airport. There we met, Edgar, Jerry, Rob, Neil, and of course, Mr. Jack Savage.

Nearly 50 participants flew in to take part in displaying their airplanes and attending the forums (one was presented by our own Dan Morris) and spending time with fellow aviation enthusiasts. Unfortunately, IFR conditions prevailed until almost 10:00 a.m. to the south and west, much later to the east. We believe that forced more people who wanted to attend to stay home. The rest of the day was just great, the wind was almost straight down runway 16, blowing around ten knots, with clear skies. We enjoyed the day with new and old friends.

I hope everyone gets to spend more of this beautiful weather at the airport or flying your airplanes. It promises to be a very colorful fall!

Wishing you clear skies,

Mark Gosselin
EAA Chapter 524 President

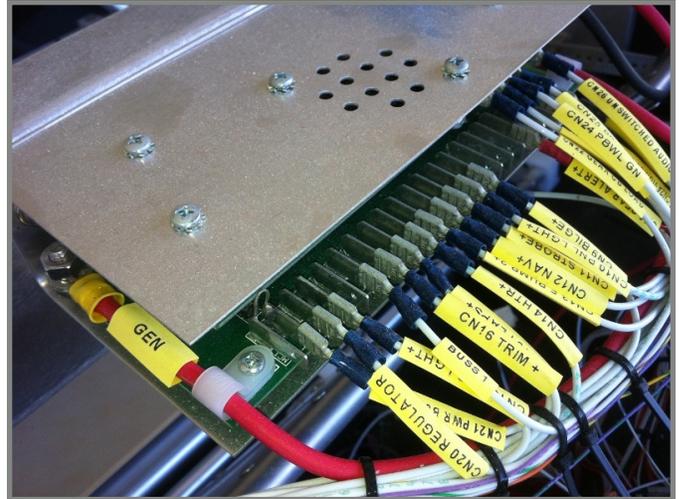

October Program

The program for October will be "Wiring Do's and Don'ts" presented by David Buckwalter.

David Buckwalter runs one of a handful of businesses in the country that do instrument panels for experimental aircraft, and he is right here in Leesburg. He has done EAA webinars on the subject, and brings a wealth of knowledge on the latest developments in avionics.

Membership Meeting Minutes

03 September 2015 — Meeting brought to order at 7:12 pm by Mark Gosselin

Treasurer's report (June, July, August totals) accepted as read:

Income: \$57.00

Expense: \$1,205.20

Balance: \$8707.67

Secretary's report accepted as read.

Progress Reports:

Joe will start his engine and test on taxiway C. Neil helped with panel labeling. Joe is still making progress on his Sport Pilot license.

Mark Pankratz has had no issues between his cowling and ECI engine and baffling he is using for his RV-7A. He is looking into a composite prop to help mitigate some of the vibration that will come from the engine.

Rex's RV-12 autopilot and servo lock issue from a few months ago was made worse by a missing part that allowed full deflection of the controls. He mentioned that he read about a pilot who had to eject twice due to a similar issue.

October 17, the Chapter will be manning the Young Eagles booth at Montgomery County Airpark. Jerry will be attending, but the Chapter will need 1 or 2 more volunteers.

The Chapter is looking for another plane or 2 to help get the Young Eagles program going again.

Chapter elections are coming up this November, so if anyone is interested in running for any Chapter office, please come forward. Still vacant are the Young Eagles Coordinator and Chapter Historian positions.

50/50 was \$42; \$21 each to the Chapter and Dan Morris

Some Chapter folks looked at the Wheeler Express that's for sale and their initial reaction was to pass on the aircraft because of the potential of so many unforeseen issues. The aircraft is composite and has been sitting in the sun for years without paint.

Tom Schwietz presented his program entitled, "Lycoming/Continental Engine Options."

Meeting adjourned at 8:45 pm

Submitted,

Erick Webb, Secretary
