Chapter Information..... 5

We helped with the AOPA Learn To Fly Day a few weeks ago. It was a beautiful day, the wind was light, the temperatures were comfortable. We had about a dozen members there to help. It was well organized, there were eight planes that flew about one hundred and fifty people for the first time in a small airplane. The day went by quickly, we had enough members to move around so we had plenty of time for water breaks and lunch. I would like to extend a thank you to everyone who helped to make this another successful event. Our Chapter is making a difference in the community!

We will host another fabric workshop June 21 and 22. There is a lot of work that goes into planning and hosting one of these. This particular workshop requires the floor to be covered with plastic, sawhorses set up and some aileron frames set out. This work takes up all of Friday June 20th. I extend a thank you to the members for their dedication to EAA and the efforts that support this process of education in our community.

There will not be a Chapter meeting in July, but we will meet August 7th. And just a reminder that all our meetings will now start at 7:00 PM!

One last plug for help with finding programs for our meetings. If anyone has a contact, hears of someone, or meets someone you think would be interested to give a program at one of our meetings, please contact one of the Officers of the Chapter. We need your help!

Wishing you clear skies,
Mark Gosselin

August Program Details

For our August meeting, Jerry Blake returns with the second part of his excellent presentation—Charles and Anne Morrow Lindbergh: Their Lives and Times.

From Doug Kelly's program flyer: *"Learn more about the lesser-known aspects guiding these historic figures in U.S. aviation, politics and literature. What were the cultural forces that guided their lives, and what was the influence they cast on the American scene prior to and during World War II?"*

Just as a reminder, there is no July meeting and for this next meeting in August, we will be going to our **new start time of 7:00 p.m.**

AOPA Learn To Fly Day a Success

The weather gods were kind to us again on Saturday, June 7 for Learn To Fly Day. Bright sunshine with light winds and comfortable temperatures made for ideal flying conditions—and pretty comfortable for ground operations as well. On their website, AOPA reported that eleven pilots using nine aircraft flew 173 people. Operations went very smoothly thanks to good preparation and communication from AOPA and another good response from our Chapter volunteers. Those who took the morning shift got a briefing at 9:30 about the aircraft marshalling. The fact that there were fewer aircraft than in the past and that flights were limited and scheduled in advance really made things easy this time. Mark Gosselin graciously provided lunch of cold cuts and "Untidy Joes".

Dean Stickell gave our newest member, Thomas de la Vega a Young Eagles flight and afterwards presented him with a starter logbook.

You can read some reactions from participants and see some pictures on [the AOPA news page](#).

EAA Chapter 524
05 June 2014

Meeting brought to order at 7:32 pm by Mark Gosselin

Guests: Pat Wheeler, Mark Buchannan, Brian, Walt (didn't get last names on the last 2 gentlemen).

Doug Kelley introduced guest speaker: Defense Attaché, Brigadier General Ji í Verner; programs entitled: "Armed Forces of the Czech Republic: Structure, Function, and Goals," and "Czech Air Force".

50/50 was \$60. \$30 each to the Chapter and to the winner (name?).

Progress Reports: Mark and Mary returned from their 3,100 nm honeymoon along the eastern US. Mark noted that he discovered a lack of paper charts at many of the airports along their journey.

Mark mentioned that he is working on resurrecting the Chapter patch and is considering having shirts and hats made with the Chapter patch.

Mark announced that Learn to Fly Day is June 7. All volunteers should report at 9:30 a.m.

Treasurer's report accepted as read:

May Income:	\$50.00
May Expenses:	\$2,279.00
Balance:	\$4,573.15

Secretary's report accepted as read.

In regard to 501(c)(3), the Chapter now has a permanent mailing address and a mailbox at Landmark Aviation.

Rodney updated that the AOPA Hangar (old FCC Hangar) opening will most likely be delayed until August.

Doug Kelley mentioned the June 21st and 22nd fabric workshop has 15 registered attendees and would like help to get the class set up on Thursday and Friday.

Meeting adjourned at 9:21 pm.

Submitted,

Erick Webb, Secretary

June Board Meeting Minutes

EAA Chapter 524 Board Meeting

12 June 2014

Meeting called to order at 7:00pm by Mark Gosselin.

Present were: Mark Gosselin, Doug Kelly, Joe Halleman, Jack Fromm, Mark Pankratz, Bill Barci, Ernie O’Roark, and Erick Webb.

Doug mentioned that the upcoming workshop on the 21st and 22nd will need to be set up on Friday the 20th. The aileron assembly arrived in a crate earlier in the day on June 12. Nate Hammond will be the instructor. Flyers have been posted regarding the August meeting reflecting the new 7:00pm meeting time and that there will be no July meeting.

The B-17 is scheduled for the weekend of October 4, which is also the weekend of the AOPA fly-in. There are some coordination details that still need to be worked out between the AOPA, EAA, and FDK.

Bill had a sample of a new reproduction of the Chapter patch. To remain historically accurate, the patch will remain with a yellow background. Bill is checking into prices and feasibility of getting the patch embroidered or silk screened onto t-shirts, polo shirts, hats, etc.

Jack mentioned that new name tags have been made for all of the 2014 paid members.

Jack mentioned the Chapter’s bylaws need to be revised and a draft of the new bylaws is almost complete.

Joe mentioned that the first week in July his plane will be arriving to be completed in the Chapter hangar.

There will be a cleanup of the south end of the Chapter hangar to remove obsolete and unused items and organize items that will be kept.

Bill asked if the Chapter might be able to resurface the work bench and look into getting a new drill press and 6” vise.

The next upcoming programs will be Mark Gosselin speaking in September about touring the southeast US, and Mark Pankratz will speak in October about DC airspace.

Mark Pankratz suggested that the Chapter possibly look into getting a nicer and more practical portable toilet.

Meeting adjourned at 8:05pm

Submitted,

Erick Webb, Secretary
