President's Message

Hello Everyone,

Summer time and the living is easy... Actually we have been very busy despite the high temperatures and humidity in Frederick's little corner of Maryland!

The EAA Ford Tri-Motor tour stop hosted by our chapter was a week long frenzy of aviation, vintage cars and bicycles, pancakes, and lots of smiling people. Hats off to Terry Smith and all of the volunteers that came out that week! Make sure you check-out Erick's coverage of the Tri-motor and the pilot (lucky guy) here:

ROARING ENGINES OF THE ROARING TWENTIES, THE FORD TRI-MOTOR

Mia Anderson successfully passed her checkride (Yeah!) making her the latest Ray Aviation Scholar to successfully complete the program. Our chapter is three for three. Thank you to Dean and Ernie for shouldering the work (read paperwork) to make sure that our Scholars can focus on the flight training! Speaking of Ray Scholars, past recipient Dimitri can be seen almost any day of the week at KFDK as part of his A&P training and internship with AOPA working on a plane or two, or three. Go Dimitri!

The Frederick Airport has been a buzz with the Frederick Sport Flyers receiving both the fuselage and the wing kits for the RV-12 build, and I hear North Frederick Airport (Keymar) has had a Pietenpol and a Citabria pulled apart, worked on, and put back together. Join us on most Saturday and Thursday mornings at the chapter hangar to work on the RV-12 and other projects... or at least join us for lunch at the Airways Inn.

Yes, lots of activity in the chapter.

I hope to see many of you at Neil Wright's celebration of life on Saturday, July 15th... and maybe a week or so later at Airventure.

While not a Chapter event, Trooper 3 is having an open house on August 5th. For details, check out : <https://www.facebook.com/events/199843992488009>

Take care everyone!
Chris
President

Ford Tri-Motor Tour

High School Teen Cuts a Clear Pattern of Success

mia_a246 I am so excited to have been named an AOPA (Airline Owner's and Pilot Association) You Can Fly High School Flight Training Scholarship recipient!

I have \$10,000 to continue my flight training!! This is such a tremendous opportunity and so generous of the Ray Aviation Foundation.

There were over 3,800 applicants for 145 Scholarships from all over the country. I am so grateful!

It has been important to me to try to fund my flight training through scholarships. My dad worked so hard to get where he is today. He started out with nothing more than a dream of becoming a pilot and washing airplanes for flight time. It has been important to me to research, apply, write my essays, and work hard to try and fund as much of my flight training as possible through scholarships. There have been many I have applied for and haven't gotten. To date, I have had 100% of my training paid for by Scholarships. I encourage everyone who has a passion or a dream to look for scholarships and start applying! So far I have received over \$26,000. Thanks to the Skyline Soaring Educational Fund, Soaring Society of America Purduski Scholarship, EAA Ray Aviation Scholarship, and AOPA.

I am so grateful for the generous donors that have a passion for aviation and see the importance of helping fund these scholarships.

My goal through my non-profit, Air Ambition, is to provide a scholarship for flight training. It is so important to me to give back to the community that has given me so much!! If you are interested in learning to fly there is a scholarship database on my website airambition.org. @air_ambition

Thank you @flywithaopa

mia_a246 I'm so excited to say I passed my private pilot checkride! This has been a dream for me since I was a little girl. Let's just say 17 was a very productive year. I've gotten my glider license, drivers license, drone license, and now airplane license (in that order) all within being 17 🥳 I'm so so thankful for the EAA and Ray Aviation Foundation scholarship for paying for my flight training. I'm also thankful for the AOPA You Can Fly High School scholarship. Because of them, I'll be able to pursue my additional ratings throughout my senior year of high school!

mia_a246 I was honored to be the kickoff speaker for the S.H.E. Can STEM and aviation camp at the National Air and Space Museum, Uvar Hazy. I talked about my aviation journey and what it's like being a young female pilot, as well as the obstacles I've had to face with failure and going through my flight training as a high school student. I shared with them S.O.A.R. To Your Dreams, and I told them that they already accomplished seeking opportunities by just attending this camp. I genuinely wish this program had been around when I was younger. I am so thankful to be able to share my story with girls that are my age when I started my flight training.

They also wished me good luck for my check ride that I went to right after my talk. It made my day!!!

"Why did you choose your Community Service Initiative? What does it mean to you?"

I chose my CSI "S.O.A.R. To your dreams" to promote girls to enter career fields where women are traditionally underrepresented. The reason I chose this was because as a young girl I saw very few women in a career I wanted to pursue. My dad made sure that I had female mentors during my flight training. There has never been a doubt in my mind that I AM capable of becoming a successful pilot considering only 7% of pilots are women. I believe that the presence of strong women in male dominated industries can encourage young girls to not be intimidated and follow their dreams. Using S.O.A.R. I encourage girls to Seek opportunities, Overcome obstacles, Act courageously, and Reach for the stars so that they can S.O.A.R. to their dreams.

@missamericasteenva @missamericava

mia_a246 Show Me Your Shoes!!! I'm so happy to represent Charlottesville and their wonderful hot air balloons! I also LOVE my dress from @apricotlaneashburn 🥰

This young lady is going to take the world by storm and we are privileged to have a front row seat!

Club Bulletin Board

WHEN: FIRST THURSDAY OF EACH MONTH, 7:00 P.M.

WHERE: AVIATION EDUCATION CENTER
(HANGAR SOUTH OF THE FREDERICK FLIGHT CENTER AT FDK)

NEXT REGULAR MEETING **AUGUST 3RD**

SPEAKER: GERALD BLAKE

"THE LIVES AND TIMES OF CHARLES AND ANNE MORROW LINDBERGH"

THE FOURTH IN THE SERIES. "THE WARRIORS." A FASCINATING CHAIN OF CIRCUMSTANCES AS WWII APPROACHED. THEIR STANCE ON GETTING INVOLVED IN THE CONFLICT AND HOW THEY CONTRIBUTED ONCE THE US ENTERED THE WAR.

Steve Gross

Pietenpol at Keymar Airport

EAA Chapter 524 Polos & Tees:

Embroidered Polos and Tees are now available for purchase. This is a chapter fundraiser and can be purchased from Kevin Delmolino. He has a few polos left and tees are on the way. (2XL is sold out for now)

Polo Shirt: \$30.00 Tee Shirt: \$25.00

The VMC Club is moving to Wednesdays

The VMC Club, is available both in-person at our Chapter hangar, and remotely (via Zoom, for a limited time). If you fly VFR, please join us! Participation is crucial to keep the club active.

We meet every Wednesday after the Third Tuesday each month at 7:00pm.

13 July 2023

Chris Gunther, Mary Ann Alvarado, Terry Smith, Ernest O’Roark, Tom Comeau, Terry Smith, Erick Webb

Meeting called to order at 7:01 pm by Chris Gunther

- Chris shared a number of updates: Ford Tri-Motor went really well. August 5, Maryland State Police Aviation Division (Trooper 3) open house. Chris will be traveling for the August Chapter meeting. September 8 and 9 is the AOPA Aviator Showcase. September 30 is the Frederick Airport Open House. Elections are coming up this November. Bob Miller will be the impartial judge, should he be needed. July 15 is Neil Wright’s celebration of life. Laura (wife) has discussed with Jerry about donating the PA-12, which could be a Chapter project or fundraiser.
- Terry said we had 46 flights, 431 paid passengers, 3 sponsors, and \$20 in cash donations. Doesn’t have a total yet, but over \$4,600 contributions to the Chapter.
- Mark Pankratz will have Jerry do part 4 of the Lindbergh story. Steve Gross will speak in September about flying the Bahamas.
- Tom Comeau sent out 3,800 emails VMC Club emails, got 0 online registrations, and had one person show up for the meeting. Will drop online because it’s too difficult. The question was a May repeat, the follow-up wasn’t good, and the videos are of diminishing quality and he’s supplementing with YouTube. Next meeting is on Wednesday next week (week of July 17).
- Ernie reported that the RV-12 has resumed. The Cessna went to Pennsylvania to get stripped for painting. The engine for the Veteran’s Build is “virtually done,” but then everyone associated with it has gone on various vacation trips. It could be done at this point.

Meeting adjourned 7:19 pm

Submitted,
Erick Webb, Secretary

EAA Ford Tri-Motor Tour Stop in Frederick was a Success!!!

The 1928 EAA Ford Tri-Motor was a big hit at the Frederick Municipal Airport June 15 - June 18. We completed 46 flights with 431 passengers in the four days. This does not include media and sponsor passengers. We also enjoyed a steady flow of people who just came to the airport to get a look at the piece of flying history. Below is the breakout by day:

- * Thursday - 7 flights, 57 passengers
- * Friday - 8 flights, 74 passengers
- * Saturday - 10 flights, 102 passengers
- * Sunday - 21 flights, 198 passengers

Other noteworthy events included:

- * Photo event with an antique Piper Cub and four Model A Ford cars from the time period.
- * Media event (pictures, video, and interview with the EAA Tri-Motor pilot).
- * Complementary media flight.
- * Static antique bicycle and motorcycle display from Kraemer Aviation.

Our results were a product of the joint collaborative efforts of EAA HQ, EAA Chapter 524, AOPA, Frederick Airport Management, and FAA Frederick Tower.

Terry

VINTAGE NEWS

john.t.baker Back to that day in June of 2005 when Jerry Blake was trying to get the recalcitrant VW started on a Druine Turbulent while I sat at controls. We took turns propping and it finally started. I was assisting with a condition inspection. My long legs did not fit well in the cockpit. #druineturbulent #vwaircraft #airplanesarecool #eaa #frenchairplane #handpropping #eaa524

Frederick VMC Club

IMC Club meets: Wednesday after the third Tuesday of each month at 7:00pm. (Always the day after IMC club!)

Location: Chapter 524 Aviation Education Center/Hangar, Frederick Municipal Airport

EAA 524's VMC Club is a discussion group for VFR pilots of all experience levels. The VMC Club meets on the third Wednesday of each month, the day after the IMC Club meets. The VMC Club offers monthly meetings in which pilots can network and share knowledge and experience. The meetings use real-world scenarios to engage members, and allow a free exchange of information that improves awareness and skills. The VMC Club is a hybrid meeting - in person at the hangar and remotely using Zoom. More information about the club and its mission can be found on our website at <https://chapters.eaa.org/ea524/vmc-club>

Frederick IMC Club

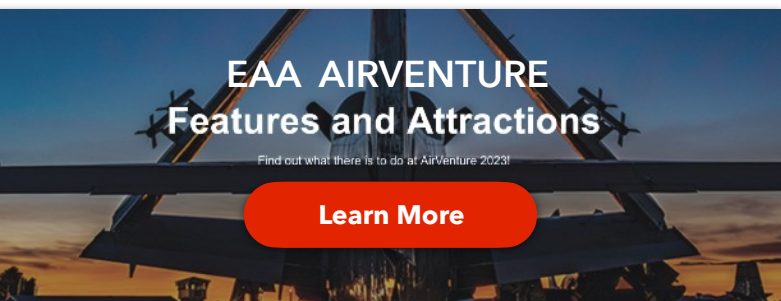

IMC Club meets: third Tuesday of each month, 7:00 p.m.

Location: Chapter 524 Aviation Education Center/Hangar, Frederick Municipal Airport

Interested in learning more about IFR flying? Scenario-based discussions are available here.

A community of pilots willing to share information, provide recognition, foster communications, promote safety, and build proficiency in instrument flying. IMC Club chapters offer monthly meetings in which pilots can network and share knowledge and experiences. Now meeting in person at the hangar. Drop by and share in the knowledge.

More information about the club and its mission can be found on our website at <https://chapters.eaa.org/ea524/imc-club>

FAA Wings Program

- WINGS PROGRAM 2019**
