### President's Message

I hope you have found a way to stay cool during the heat wave we have been experiencing. Whether that is staying at home in some nice air conditioning, or under the shade of an airplane at one of the local fly-ins that are now taking place. I have been fortunate go to two of them in the region, the Potomac Aero Squadron's Fly-in at Massey Aerodrome (formally held at Hornpoint) and Sentimental Journey at Lock Haven. Both had some wonderful vintage planes to see.

Don't get me wrong, the pandemic is not over, but I think we have learned to minimize risk and exposure with the available vaccines, social distancing and mask wearing. With the reduced risk, we again will be holding in person chapter activities, starting with our chapter gathering on August 5th. The chapter hangar will be nice and cool, and it will be partially occupied by our next chapter project, a Zenith 750 that we will be building with the local veterans community. The build will be a great learning experience for chapter members and a great way to meet new people. More details will be announced at our chapter gathering, but we will hold an open house on the project on August 14th. Combined with our VMC and IMC meetings, as well as the finishing touches on the RV-10 project, August will be a very busy month for our chapter as we re-open to in person activities. I hope you will be able to join us for some of them.

I know a few of you will be going to Airventure at the end of the month. I wish you safe travels to the aviation family reunion and I hope to run into amidst the vendors and seminars. Our chapter will be donating an Adirondack chair (thanks to Mary Ann) to the Blue Barn as well as smaller items.

Take care everyone,

Chris  
 President  
 EAA Chapter 524

## Sentimental Journey

26 June 2021

In case you missed the EAA Chapter 524 Facebook Post: Chapter member Ernest ORoark shared these photos: "Had a great day at Lock Haven's "Sentimental Journey" fly-in with Jerry Blake, Robert Johnson, and Chris Gunther. We took both planes in almost perfect weather."

## Virgin Galactic & Blue Origin

This screenshot from a Virgin Galactic video shows the company's VSS Unity vehicle firing up its rocket motor during its third test flight to suborbital space, on May 22, 2021. (Image credit: Virgin Galactic)

## YO-3 Quiet Star

### It's been a long road to passenger spaceflight for Virgin Galactic and rival Blue Origin

By Mike Wall | July 10, 2021

The companies backed by Richard Branson and Jeff Bezos are ready to launch astronauts. Richard Branson's path to space has been quite a bit longer and more circuitous than he anticipated ...

### This was one of the stealthiest aircraft ever flown by the US military

By Ian D'Costa | July 11, 2021

Imagine an airplane so quiet that it's virtually impossible to hear it coming and going from the ground. This may seem like science fiction to most, but for the US Army's YO-3 'Quiet Star' scout aircraft, it was an incredible and unparalleled reality – still unmatched today.

In the late 1960s, the Army put forward a requirement for a small observation aircraft that could fly just above 1,000 feet without being detected by North Vietnamese and Viet Cong troops...

# RV-10 Progress Report

The RV10 is really taking shape. Steve continues to press forward with the build. Volunteers drop-in to help when they can. Grab a friend or family member and bring them by the hangar. Tuesdays and Thursday nights, 6-9pm are the usual build days and time through the summer months.

Stay tuned to the [chapter calendar](#) for scheduling during 2021 AirVenture. As you can see, The 750 Cruiser has arrived and preparations are being made for the Veterans Build.

Hope to see you at the hangar for the August 5th meeting!

Number 9: Northrup Tacit Blue

# Warbird Rides at FDK on Father's Day Weekend

Father's Day was FABULOUS at FDK! Here are a few pictures of the WWII warbirds of the CAF Capital Wing! Three different aircraft were in attendance - the TBM Avenger "Doris Mae," L-5 Sentinel "Gayle Ann," or the open-cockpit Stearman N2S-4. The weather cooperated for some great fun. Thanks go to Erick Webb for providing the great aircraft photos! Find out more about Warbird rides, please visit <https://www.capitalwingwarbirdrides.org/>

\*All flights and purchases are tax-deductible as we're a 501(c)(3) non-profit.\*

## Veteran Build Open House EAA Chapter 524

The "Veterans Build" was an inspiration by some of EAA Chapter 524 members. The build's mission is to facilitate the education and social opportunities for Disabled American Veterans (DAV) interested in aviation. Chapter 524 members are encouraged to help with construction, provide expert instruction or just social support. The "Open House" will provide:

- Introduction to the Experimental Aircraft Association.
- Overview on how to build a 750 Cruiser aircraft.
- How to form and operate a not-for-profit flying club.
- Meet chapter members and talk about aviation and the opportunities that await you.
- Food and refreshments will be provided.

## Gray Areas

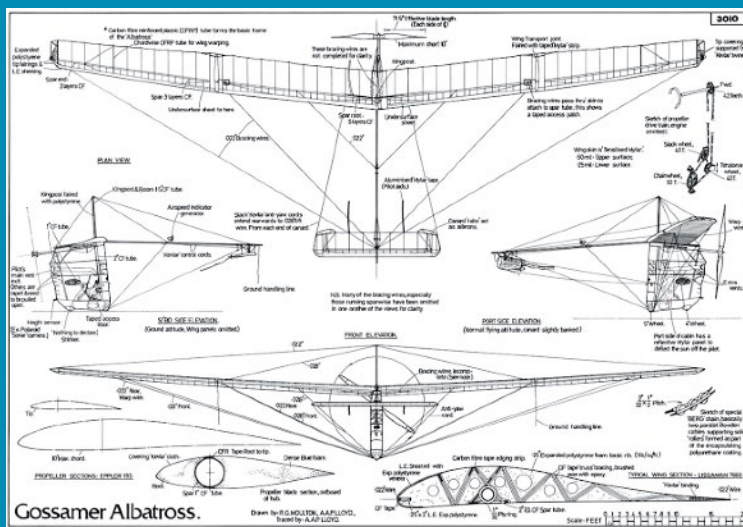

by Robert N. Rossier, EAA 472091 | July 8, 2021

There are times when pilots experience those gray areas where VFR and IFR flight operations can overlap. Regardless of how we might interpret such a situation – who was right and who was wrong – the keys to survival when operating in such gray areas are to be vigilant, take all possible precautions to ensure separation from other aircraft, and recognize that others might be operating by a different set of rules. . . .

## Vintage News

Special thanks EAA-Vintage Aircraft Association for this FB post.

This Day in Aviation 12 June 1979: The human-powered airplane, Gossamer Albatross, built by AeroVironment, Inc., of Simi Valley, California, flew across the English Channel from The Warrens, near Folkstone, Kent, England, to Cap Griz-Nez, France, 22.26 miles (35.82 kilometers) in 2 hours, 49 minutes. He established two Fédération Aéronautique Internationale (FAI) World Record: Straight Distance, 35.82 kilometers (22.26 miles)<sup>1</sup> ; Duration, 2 hours, 49 minutes.<sup>2</sup>

The pilot/powerplant of Gossamer Albatross was long-distance bicyclist Bryan Lewis Allen. Allen pedaled at a constant 75 rpm . . . Gossamer Albatross is in the collection of the Stephen F. Udvar-Hazy Center, Smithsonian Institution National Air and Space Museum.

### Chapter Adirondack

EAA 524 has an adirondack chair to represent the chapter at Oshkosh. So if you happen to make it to AirVenture 2021, swing by the Blue Barn and spend a little time there to sit back and relax. . . . assuming, of course, that the chair finds a ride to Oshkosh!

### Chapter Monthly Meeting Program Schedule

Month	Program
July 2021	Cancelled Chapter Meeting
August 2021	John Varljen. The title of his presentation: "Choices Lead to Space." It promises to be fascinating, especially with all the recent developments in the space delivery business.
September 2021	TBD

SATURDAY, SEPTEMBER 11, 2021 AT 11 AM EDT - 4 PM EDT

**Wings & Wheels Expo**  
Free - 14211 Basore Dr, Hagerstown, MD 21742-1325, United States  
Event by Wreaths Across America - Wreaths For Maryland

14211 Basore Dr, Hagerstown, MD 21742-1325, United States

Duration: 5 hr

Public - Anyone on or off Facebook

Operation Wreaths For Maryland will be at the Hagerstown Airport-Dome Hangar, for the 2021 Wings & Wheels Expo. 9/11 is known as "Patriot Day". Come see us and all the vintage aircraft on display. Including vintage military vehicles, and a cruise-in of antique and classic cars, trucks and motorcycles. Owners can bring their vehicle for free registration. The first 100 get a custom event dash plaque. Come tour a Douglas DC-3, a C-123K Thunderpig (Vietnam), a B-25 Bomber, a 1919 Bellanca CE aircraft, the A-10 Thunderbolt and more! Live music and food on site!

## FREE EAA Webinars

EAA webinars are free to all aviation enthusiasts. Pre-registration is recommended since space is limited to the first 1,000 registrants.

<https://www.eaa.org/ea/news-and-publications/ea-webinars>

Live multimedia presentations, informative and interactive, allow presenter to use slides and audio. Audience members can ask questions or polled for opinion. Webinars begin 7pm CDT.

## Frederick VMC Club

**IMC Club meets:** third Monday of each month, 7:00 p.m.

**Location:** Chapter 524 Aviation Education Center/Hangar,  
Frederick Municipal Airport

With the success of the IMC Club, EAA 524 is now forming a VMC Club, oriented toward primarily VFR pilots of all experience levels.

The VMC Club will meet on the third Monday of each month, the day before the IMC Club meets. The VMC Club offers monthly meetings in which pilots can network and share knowledge and experience. The meetings use real-world scenarios to engage members, and allow a free exchange of information that improves awareness and skills.

Because of current restrictions, we will meet via Zoom until we can get back into the Chapter Aviation Education Center. You can register for the inaugural VMC Club Meeting here: <https://bit.ly/3iJEb47>

## Frederick IMC Club

**IMC Club meets:** third Tuesday of each month, 7:00 p.m.

**Location:** Chapter 524 Aviation Education Center/Hangar,  
Frederick Municipal Airport

Interested in learning more about IFR flying? Scenario-based discussions are available here.

A community of pilots willing to share information, provide recognition, foster communications, promote safety, and build proficiency in instrument flying. IMC Club chapters offer monthly meetings in which pilots can network and share knowledge and experiences.

More information about the club and its mission can be found on our website at <https://chapters.eaa.org/ea524/imc-club>

## Chapter Meeting Location & Time

**Chapter 524 meets:** first Thursday each month, 7:00 p.m.

**Location:** Chapter 524 Education Center/Hangar,  
Frederick Municipal Airport

As you enter the airport, park in the Terminal Parking lot. Walk south past the Frederick Flight School (yellow building). There are signs on the end of the second row of hangars for the Chapter. Additional information can be found on the Chapter website: <https://chapters.eaa.org/ea524>

Frederick Municipal Airport  
330 Aviation Way, Suite J, Box #9  
Frederick, Maryland 21701

## EAA 524 Chapter Website

The EAA Chapter 524 website: <https://chapters.eaa.org/ea524>

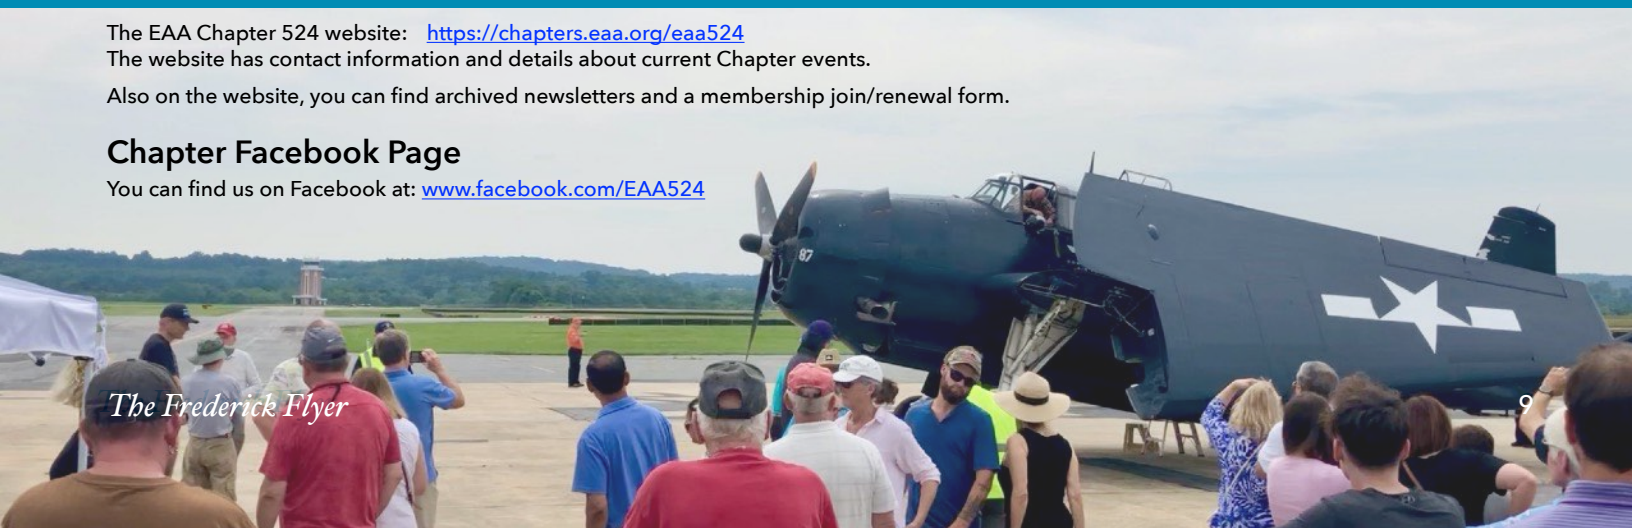

The website has contact information and details about current Chapter events.

Also on the website, you can find archived newsletters and a membership join/renewal form.
