### President's Message

I just finished watching the 1989 Kevin Costner film 'Field of Dreams'. It's a classic summertime movie celebrating the passion people have for baseball and how it draws them together.

We have our own field of dreams, in fact several. In our case it is a passion for aviation that draws us together, and while Oshkosh, Wisconsin may be our mecca, we were lucky to have presenters at our last gathering talk about the 36 airports in Maryland and 66 in Virginia where we can practice our passion. Each airport is unique and special: the grass runway at Mexico Farms; the sloping, short runway at Clearview, to name a few. And those are just the public use airports! We did not even talk about the private airports like Keymar and Grassspatch, each just a short hop from FDK. We are very lucky to have so many (air)fields of dreams so close by.

I hope you will have a chance to explore all of these airports, just remember to keep August's heat and humidity in mind and calculate the Density Altitude!

Congratulations go to Amelia Anderson for being selected as our chapter's Ray Aviation Scholar for 2022. Mia is wrapping up her glider PPL certificate and then will be jumping into the powered aircraft world. I look forward to hearing about her upcoming adventures.

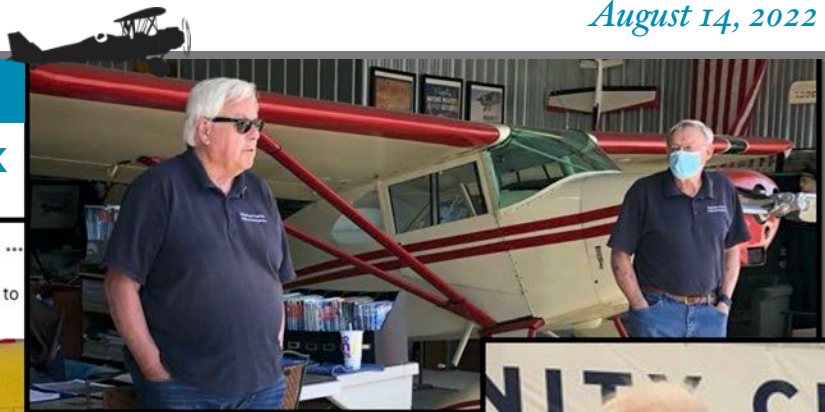

A few reminders. The Zenith 750 build has resumed on Saturdays after a short break for Airventure. IMC and VMC meeting are coming up soon. If there are things you wish to see our Chapter do or you need help with your aircraft project, please reach out and let us know.

Take care,  
Chris  
President  
EAA Chapter 524

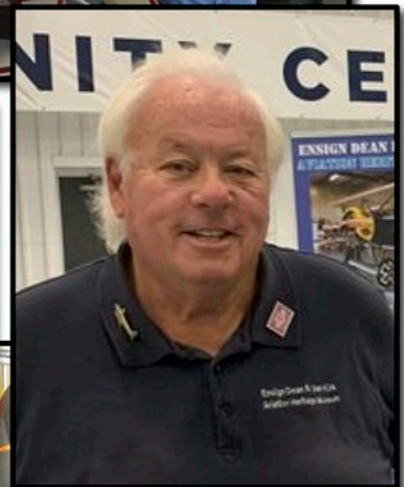

Working together to perform flight magic!

# In Memory of Captain Stephen K. Van Kirk

Hagerstown Aviation Museum

Steve was a long time friend of the museum and will be missed. Our condolences to Steve's family and friends. Blue skies Steve.

## Air North DC-3 Yukon Sourdough July 1 · 🌐

It is with deep sadness that we report the passing of Captain Stephen K. Van Kirk in the early morning today. He will be missed but the Yukon Sourdough project will continue on in his memory.

Captain Van Kirk and his brother, Malcolm also operate the Frederick Aviation Heritage Museum at the Frederick Airport in Frederick, Maryland in a few hangars. Their goal is to build a bigger museum to house the entire collection under one roof, including Yukon Sourdough.

Captain Van Kirk retired from Northwest Airlines several years ago. He enjoyed supporting not just his own endeavors but had special interest in the Wings for Val Foundation that provides scholarships for women pursuing aviation careers and the Hagerstown Air Museum.

As you may already know, Yukon Sourdough was purchased by Captain Van Kirk from EAA in Oshkosh, WI in 2001. Previously registered at CF-OVW, her livery is that of Canadian Air North. Built in 1942 as a C-47A-5 DK Skytrain, her civilian moniker is a DC-3. She was subsequently damaged in a strong windstorm while parked outside about ten years ago and has been undergoing restoration since her purchase.

Yukon Sourdough is currently owned by a small group of dedicated pilots and mechanics that are very passionate about aviation and preserving aviation heritage for future generations. Its hard to say who found who....did we find her or did Yukon Sourdough find us? We really aren't sure, but she has brought us all together while working hard to restore her to flight status.

My personal involvement with the project started about eighteen months ago. Almost every weekend has been spent working on Yukon Sourdough or doing something aviation related with Captain Van Kirk and the rest of the partnership. Not long ago, I even enjoyed an instrument flight lesson with the captain. Over the last several months I've posted several videos of Yukon Sourdough's progress, including showing the captain sitting proudly in the left seat. We recently performed her first taxi test without the aid of a tow bar with the authorized inspector sitting in the right seat and was able to share this video with the captain. This update lifted his spirits and he urged the team to get Yukon Sourdough to Oshkosh "no matter what", although his hope that he would be on that flight won't be realized.

Lots has happened recently restoration-wise and she's nearing completion. Captain Van Kirk had hoped to take her to Oshkosh this year. Unfortunately his cancer progressed quickly and he will not be along for the ride in person but will be with us in spirit as we push to get test flights complete in order to fulfill the captain's wishes. His name is proudly displayed under pilot-side window so he will continue to be with us in spirit. It is difficult going to Hagerstown to work on Yukon Sourdough without the captain there.

We will glance to the side of the hangar and see him, sitting in his truck with his beloved lab, Dakota, at his side while we complete paperwork, pilot recertifications, and test flights. Although we did not plan for Yukon Sourdough's flight to Oshkosh to be a memorial flight in Captain Van Kirk's honor, we are eager to complete this mission on his behalf and look forward to sharing this passion project with you.

# RV 10 Takes A Spin at FDK

## Chapter Cookout Oshkosh July 27, 2022

Neil and Pam Dickinson also traveled with their camper and stayed at our Chapter camp site and sponsored the chapter cookout! We had 12 members attend, good food and drink with great conversations! After we finished and cleaned up we headed down to the runway to watch the spectacular air show including fireworks and a few flight demonstrations.

AirVenture 2022 was well attended, with over 12,000 fly-in airplanes and countless campers and others! The grounds were crowded every day with mostly good weather.

We arrived Saturday July 23rd just before a severe thunderstorm with winds of over 50 mph and heavy rain. So many campers tents were blown over people were taking shelter in their cars to stay safe and dry! The next few days all sorts of things were spread out all over to dry. Sunday the crosswinds were quite the challenge for landings on 18/36, the winds did let up some the rest of the week.

The forums were well attended the one week wonder was completed and taxied, vendors were in abundance, workshops were held daily, the information available on the grounds was incredible!

There is always so much to do and see one week isn't long enough!

Mark G.

## Explore Maryland By Air & Virginia Aviation Ambassador Program

**4 August 2022** - Speakers Mike Schwartz and Ryan Crawford wear many hats including CFI, FAA SAFETY TEAM AND BEING AVID PILOTS. The slide show presentation provides an overview of these flying programs . They include risk management, aircraft performance, as well as tips and tricks for the Explore Maryland by Air and Virginia Aviation Ambassador programs. Follow the links for pdf worksheet and information handouts.

## Frederick Sport Flyers

### NEW MEMBERS WANTED

Sadly, Jerry Blake has decided that it's time to hang up his wings. He will still be around and will continue to share his knowledge of all things aeronautical. But he is now retiring from the Frederick Sport Flyers, which creates an opportunity for some other chapter members to join the club and enjoy some economical flying.

We have two flying aircraft: A well equipped Zenith 601XL-B with around 300 hours and a fully restored 1946 Piper J3C-65 Cub. Both aircraft were built or restored under the supervision of Jerry, so you know they are quality planes. We have room in the club for five members on each airplane.

With Jerry's departure there are now two open slots on each. You can join for both or for just one. Dues are \$150 per month per airplane and \$45 per flying hour including fuel. In addition, the club recently ordered the first kits needed to build a Vans RV-12is. The empennage kit is expected to arrive soon. With Jerry's departure we have two openings for people to buy into the build of that aircraft as well.

Contact any of the current FSF members for more details (Robert Johnson, Ernie O'Roark, Bob Miller or Chris Gunther.) Also, feel free to join us for our monthly business meeting which takes place the third Saturday of the month at 8:00am in the Airways Inn restaurant at FDK.

Submitted by Ernest O'Roark (301 524-4294)

### FAPA

Future & Active Pilot Advisors

On Saturday, August 20th at 2pm, FAPA will be holding our monthly Future Pilot Forum in Washington, DC near DCA. This is a FREE event for those interested in or even curious about becoming a pilot.

This event is open to future pilots of all ages, parents and mentors, career counselors and staff, or anyone that is looking for information on a professional cockpit career, but registration is required.

We will discuss the state of the pilot industry, the educational and certificate requirements, choosing the flight school or college right for you, and the various pathways to a rewarding career. We will also have United Airlines, JA Flight Services, LIFT Academy and Skyborne Airline Academy present to discuss their training courses, pathway programs, and airline partnerships.

For more information or to register, interested attendees can visit [www.fapa.aero/futurepilots](http://www.fapa.aero/futurepilots).

Please feel free to email back with any questions about this or any of our other free pilot career events.

Tim Genc

04 Aug 2022

Meeting called to order at 7:07 p.m. by Chris Gunther

- Mia Anderson and her father, Brent Anderson, flew up to AirVenture on Saturday, left the following Sunday.
- Ernie reported that Jerry is hanging up his wings. Frederick Sport Flyers has openings for 3 airplanes; J-3 Cub, Zenith 601, and RV-12 (that will be built soon).
- Paul Chang reported that he got his RV-10 kit. Has had to do the main spar twice because he drilled holes in the wrong place twice. Ouch!
- Veteran's Build hasn't been touched for about 2 weeks. Have run out of rivets; we're saving to go up to AirVenture to buy some. Will resume again on Saturday. Are ahead of the finish kit, which will arrive around November.
- Tonight's program was entitled "Are You Looking to Expand Your Flying Experiences?" (Explore MD by Air and the VA Aviation Ambassador Programs) presented by Mike Schwartz and Ryan Crawford from the FAASTeam.
- 50/50 was \$49; \$25 to the winner and \$24 to the scholarship fund.
- Bob Miller - September 24 there will be a picnic for an end-of-the-year celebration and a retirement party.
- Mark Pankratz - Joe Mash who came from Potomac TRACON reminded everyone to make use of Flight Following to avoid weather and other traffic in our busy airspace.

Meeting adjourned at 8:31 p.m.

Submitted,

Erick Webb, Secretary

## VINTAGE NEWS

Pan Am's Pacific Clipper, a Boeing 314, in an undated archive photograph. It was flown around the globe to avoid World War II after Pearl Harbor was attacked in 1941.

### How Pearl Harbor forced the world's first around-the-world commercial flight

Dave Kindy - Dec 7, 2021

Jack Poindexter walked briskly into the Liberty House department store on King Street in downtown Honolulu. It was Dec. 2, 1941, and palm trees swayed to the gentle rhythm of the trade winds that sunny Tuesday morning.

The chief flight radio officer on Pan Am Flight NC18602 needed a spare shirt. He had left California unexpectedly the day before as a stand-in for an ill radio man onboard the Pacific Clipper, a large flying boat – essentially a seaplane on steroids.

## Frederick VMC Club

**IMC Club meets:** third Monday of each month, 7:00 p.m.

**Location:** Chapter 524 Aviation Education Center/Hangar, Frederick Municipal Airport

EAA 524's VMC Club is primarily oriented toward VFR pilots of all experience levels and has been a huge success!

The VMC Club meets on the third Monday of each month, the day before the IMC Club meets. The VMC Club offers monthly meetings in which pilots can network and share knowledge and experience. The meetings use real-world scenarios to engage members, and allow a free exchange of information that improves awareness and skills.

The VMC Club is meeting in person at the hangar and offering hybrid opinions using Zoom.

More information about the club and its mission can be found on our website at <https://chapters.eaa.org/eaas524/vmc-club>

## Frederick IMC Club

**IMC Club meets:** third Tuesday of each month, 7:00 p.m.

**Location:** Chapter 524 Aviation Education Center/Hangar, Frederick Municipal Airport

Interested in learning more about IFR flying? Scenario-based discussions are available here.

A community of pilots willing to share information, provide recognition, foster communications, promote safety, and build proficiency in instrument flying. IMC Club chapters offer monthly meetings in which pilots can network and share knowledge and experiences. Now meeting in person at the hangar. Drop by and share in the knowledge.

More information about the club and its mission can be found on our website at <https://chapters.eaa.org/eaas524/imc-club>

## FAA Wings Program

- WINGS PROGRAM 2019
- WINGS EFFECTIVENESS REPORT 2011
- WINGS FLIGHT INSTRUCTOR GUIDE 2018
- WINGS ADVISORY CIRCULAR 2011

**Clear skies, safe travel, be happy and see you all soon!**

## Chapter Meeting Location & Time

**Chapter 524 meets:** first Thursday each month, 7:00 p.m.

**Location:** Chapter 524 Education Center/Hangar, Frederick Municipal Airport

As you enter the airport, park in the Terminal Parking lot. Walk south past the Frederick Flight School (yellow building). There are signs on the end of the second row of hangars for the Chapter. Additional information can be found on the Chapter website: <https://chapters.eaa.org/eaas524>

Frederick Municipal Airport ,  
330 Aviation Way, Suite J, Box #9  
Frederick, Maryland 21701

## EAA 524 Chapter Website

The EAA Chapter 524 website: <https://chapters.eaa.org/eaas524>  
The website has contact information and details about current Chapter events.  
Also on the website, you can find archived newsletters and a membership join/renewal form.

### Chapter Facebook Page

You can find us on Facebook at [www.facebook.com/EAAS524](http://www.facebook.com/EAAS524)

## **EAA Chapter 524 Membership Application**

Annual dues are \$30 for individual or family membership. Fill out this form and return it with your dues to the Chapter Treasurer.

Cash or check accepted. Make check payable to **EAA Chapter 524**. Bring the form and dues to the next meeting or mail to **Ernest O'Roark, 809 London Court, Frederick, MD 21701**.

If you have a question about your membership, contact the Treasurer at 301-694-0053 or cadfael1@aol.com. These dues help support the Chapter and are not applied to the national organization.
