### President's Message

Greetings chapter members,

Welcome to the fall weather! Take advantage of the beautiful days while they last.

I want to thank everyone who came to the picnic/fly in at Keymar. It was a perfect way to support that jewel of an airport, while enjoying some delicious food while watching airplanes. Special Thanks to Kevin and Wendy Delmolino, Steve Gross, and Linda Miller. The weather, food, airplanes, and friends made for a memorable chapter event.

We have another chapter event coming up on September 28-Frederick Festival of Flight sponsored by the airport's management. There is a pancake breakfast, bake sale, silent auction, and raffles for fundraising events. This is a chapter event, and we are asking for some help to show our support for our airport and general aviation.

Be safe and hope to see you at the airport.

Bob Milller  
President  
EAA Chapter 524

Beverages:

Coffee, Tea, Orange Juice 🍹

\*Donation to EAA Chapter necessary for breakfast.

About EAA:

Founded in 1953, (EAA) has grown from a handful of aviation enthusiasts to an international organization representing virtually the entire spectrum of recreational aviation. We are a group of aviation enthusiasts, aircraft builders, and pilots who get together with like minded people to share ideas, exchange information, encourage safety, serve the local aviation community and have a lot of fun doing so. 🙌

## Board Meeting

12 Sep 2024

Bob Miller, Linda Miller, Mark Pankratz, Ernie O'Roark, Mary Ann Alvarado, Kevin Delmolino, Steve Gross, Larry Jarkey, Terry Smith, Erik Yates, Erick Webb

Meeting called to order at 7:00 pm by Bob Miller

- \* Frederick Festival of Flight coming up on September 28. The Sea Cadets will be helping us out, but if anyone else wants to help, sign up with Linda Miller.
- \* Erik Yates is a new EAA member and former AOPA employee (Director of Curriculum) and wrote most of the AOPA High School curriculum. Has been looking into providing homeschool instruction to kids in the Frederick County area. Using the hangar, the class would be about 3 hours a week for about 5 months for kids in the 13-15-year-old range. Aviation history, principles of flight, realms of flight (sailplanes, lighter than air, powered, drones, etc.), and lots of hands-on activities. Need minimum of 5 kids to run the class and would cap it at 10-12. Would be midday timeframe.
- \* Wednesday, September 25 some AOPA visitors from St. John's Prep School would like to swing by our hangar and see an aircraft build. Bob will check with those involved with the builds to see if they're available.
- \* Kevin shared that the owners at Keymar were so pleased with the turnout for the fly-in and cookout. Those who were in attendance had a really good time and said so. The owners hope that this will be an annual event. More notice for each of the neighbors to give more time for invitation would be good for the next time. Low passes, especially from the gyrocopters, were a little bit too low and over the horse corrals and caused some minor horse panic.
- \* Steve suggested we have Keymar post a NOTAM-type bulletin to help with noise abatement and help those who are unaware understand published traffic patterns and establish a UNICOM frequency so people are aware.
- \* Mark posed two options for the October presentation - Jake speaking about formation fundamentals, or have Erik Yates talk about aviation STEM curriculum. Mia will speak in November.

Meeting adjourned 7:45 pm  
Submitted,  
Erick Webb, Secretary

## Frederick VMC Club

**IMC Club meets:** Wednesday after the third Tuesday of each month at 7:00pm. (Always the day after IMC club!)

**Location:** Chapter 524 Aviation Education Center/Hangar, Frederick Municipal Airport

EAA 524's VMC Club is a discussion group for VFR pilots of all experience levels. The VMC Club meets on the third Wednesday of each month, the day after the IMC Club meets. The VMC Club offers monthly meetings in which pilots can network and share knowledge and experience. The meetings use real-world scenarios to engage members, and allow a free exchange of information that improves awareness and skills. The VMC Club is a hybrid meeting - in person at the hangar and remotely using Zoom. More information about the club and its mission can be found on our website at <https://chapters.eaa.org/ea524/vmc-club>

## Frederick IMC Club

**IMC Club meets:** third Tuesday of each month, 7:00 p.m.

**Location:** Chapter 524 Aviation Education Center/Hangar, Frederick Municipal Airport

Interested in learning more about IFR flying? Scenario-based discussions are available here.

A community of pilots willing to share information, provide recognition, foster communications, promote safety, and build proficiency in instrument flying. IMC Club chapters offer monthly meetings in which pilots can network and share knowledge and experiences. Now meeting in person at the hangar. Drop by and share in the knowledge.

More information about the club and its mission can be found on our website at <https://chapters.eaa.org/ea524/imc-club>

## Chapter Meeting Location & Time

**Chapter 524 meets:** first Thursday each month, 7:00 p.m.
