### President's Message

April come she will...

It was great to see a lot of folks at our Chapter picnic at the beginning of the month. I counted 35 people and 8 aircraft. Thank you to everyone that attended and brought delicious treats. Since then I have been to the Frederick airport twice, and the activity is picking up. It is also good to hear reports from chapter members that were able to attend Sun 'n Fun this year. Good weather and good flying are just around the corner.

The VMC is taking a break this month while Tom gets ready to explore the universe with the James Webb telescope. The IMC, however, will be meeting in person for the first time in a long time. Join Larry if you can for a good discussion of instrument flying.

At the end of May we will be hosting a small group of homeschool students at the airport. We need some wood working help to prepare hands on rib making kits for them. If you have a good wood shop at home, please reach out and let me know if you can help.

As always, if there is something aviation related you would like to see the chapter do, please let me know. There is a lot of talent in the chapter and we can help each other develop new building skills or pilot ratings, just to name a few things.

I look forward to seeing you at the May 5th gathering!

Take care everyone,  
Chris  
President  
EAA Chapter 524

## "STRETCHING MY LEGS IN A SUPER CUB ONE PILOT'S HIGHWAY FROM THE COMFORT ZONE"

March 22, 2022| by Erick Webb

### Just a REMINDER.

We will be taking applications for a new Ray Aviation Scholarship. Please get the word out to young pilot hopefuls, 16-19 years of age. More information will be forthcoming soon.

Board Meeting

Chris Gunther, Mark Pankratz, Larry Jarkey, Mary Ann Alvarado, Tom Comeau, Erick Webb

Brought to order at 7:04 p.m. by Chris Gunther

- May speaker is Walt Monk. He's an A&P with access to a Columbia, Super Decathlon, and co-owns an
- Extra. He's done a number of condition inspections for experimental aircraft. He will talk about condition inspections for experimental owners.
- VMC Club will not take place this month due to conflicts in Tom Comeau's schedule. Wants to try to do a hybrid VMC Club meeting that will take place in-person, but simultaneously be available online.
- At the end of May (Friday, May 27) we have some homeschooled kids coming to the hangar around 10 a.m. They want to learn about homebuilt aircraft. Chris is looking for volunteers to help out with the event. They're also visiting airport operations and Bravo Flight Training.
- There were about 35 people at the picnic; it was suggested to open the hangar the next time (if weather is warm enough).

Meeting adjourned 7:20 p.m.

Submitted,

Erick Webb, Secretary

## VINTAGE NEWS

Miss Harriet Quimby with her Blériot monoplane.

### MISS QUIMBY FLIES THE CHANNEL

16 April 1912: American aviatrix Harriet Quimby flew across the English Channel in a Blériot XI monoplane. She departed Dover at 5:30 a.m. and crossed a fog-shrouded channel to land at Hardelot-Plage, Pas-de-Calais, 1 hour, 9 minutes later. Her only instruments were a hand-held compass and a watch..

The 48th Annual East Coast Military Vehicle Rally will be held May 12, 13, and 14, 2022, at the Hagerstown Aviation Museum!

Thursday, May 12 - Rally, Militaria Market & Museum Open

Friday, May 13 - Rally, Militaria Market, Auction & Museum Open

Saturday, May 14 - Rally, Militaria Market, Judging & Museum Open

Sunday, May 15 - Aviation Museum Open

The Hagerstown Aviation Museum is collaborating with the Washington Area Collectors/Blue and Gray Military Vehicle Trust (WAC/B&G MVT) to host the 48th Annual East Coast Military Vehicle Rally at the Hagerstown Aviation Museum in Hagerstown, Maryland.

See privately owned historic military vehicles used in WWII, Korea, Vietnam, and Desert Storm to the present in the vehicle display area. Historic military vehicles on display will come in all shapes and sizes, including bicycles, motorcycles, Jeeps, Dodge Weapons Carriers, GMC 6x6 Army trucks, M Series vehicles like the M151 Mutt, M-37, and M-35 Duce & A Half, Wreckers and Armor like the famous Sherman Tank of WWII!

The Hagerstown Aviation Museum will display its historic aircraft collection alongside military vehicles. Climb aboard the rare Fairchild C-82 Packet, C-119 Flying Boxcar, C-123K Provider, and PT-26 Trainer. See exhibits and other museum aircraft such as the 1928 Kreider Reisner KR-31 biplane, 1943 Fairchild PT-19 WWII Trainer, and Fairchild 22 & 24, all built in Hagerstown, MD. The museum owns twenty-three historic aircraft, seventeen of which were built in Hagerstown.

Over 200 vendor spaces will feature vehicles, collectibles, medals, electronics, surplus, uniforms, radios, models, tools, books, vehicle parts, tents, insignia, and much more.

Museum merchandise, toys, books, DVDs, hats, T-shirts will be for sale at the Gift Shop in the hangar.

Step back in time and experience a memorable flight in the museum's 1943 Fairchild PT-19 Primary Trainer! Thousands of allied pilots earned their wings during WWII in this historic aircraft built by Fairchild Aircraft over seventy years ago in Hagerstown, Maryland. Experience the thrill of open cockpit flying! The museum plans to have rides available after 10 AM, weather permitting.

This event is great for veterans, scouts, campers, collectors, modelers, re-enactors, history buffs, aviators, enthusiasts, and people of all ages!

Event Location: 14211 Basore Dr. Hagerstown MD 21742. Follow signs.

Hours: May 12, 13, & 14. 9 AM to 4 PM

Food will be available on site.

Admission by donation. Free admission for show vehicles.

Proceeds from this incredible event benefit the Hagerstown Aviation Museum and the WAC/BGMVT's support for veterans' causes and military memorials.

## Harford County Airport and AOPA Aviation Day!

Harford County Airport (0W3)  
3538 Aldino Rd, Hangar 9,  
Churchville, MD 21028

## Join us for an Aviation Day

Join Harford Air Services at Harford County Airport (0W3) and the AOPA Flying Clubs team for a fun-packed day of aviation information and education, including three FAASTeam WINGS safety presentations!

## Saturday April 30<sup>th</sup>, 2022.

You are invited to join Harford Air Services and the AOPA Flying Clubs team for a day of aviation information and safety education.

### Event Schedule:

0900-1000: WINGS Safety Seminar: TAF and MOS—similar but different.  
1015-1115: Flying Clubs—Own Your Aviation Journey  
1130-1200: Flight school and airport information  
1200-1300: Lunch – Food truck  
1300-1400: WINGS Safety Seminar: Go Like the Pros—Safety through Smarter Training  
1415-1515: WINGS Safety Seminar: Expand your Horizons

TAF and MOS – Similar but Different: All pilots are familiar with TAFs (Terminal Area Forecasts) and are now getting used to seeing MOS (Model Output Statistics). Is MOS just a (better) TAF, available at more airports?

Flying Clubs—Own Your Aviation Journey: You've earned your pilot's license—now what? Join us to learn about how joining a flying club will help you get the most out of your pilot's license, share the cost of ownership & operations, and take control of your aviation journey alongside like-minded aviators.

Go Like the Pros: Safety through Smarter Training: Pilots who participate in regular proficiency training are less likely to experience loss of control and so are less likely to be involved in accidents. What we need is a general aviation pilot proficiency program—but you don't have to invent your own—the FAA has done the work us!

Expand your Horizons: Pilots generally do not have accidents when in their "comfort zone", so it makes sense that we should train to expand that zone. Proficiency training in stall, spin and upset recovery techniques will help reduce loss of control accidents. We agree—but should we do something else first?

## Frederick VMC Club

**IMC Club meets:** third Monday of each month, 7:00 p.m.  
**Location:** Chapter 524 Aviation Education Center/Hangar, Frederick Municipal Airport

With the success of the IMC Club, EAA 524 is now forming a VMC Club, oriented toward primarily VFR pilots of all experience levels.

The VMC Club will meet on the third Monday of each month, the day before the IMC Club meets. The VMC Club offers monthly meetings in which pilots can network and share knowledge and experience. The meetings use real-world scenarios to engage members, and allow a free exchange of information that improves awareness and skills.

The VMC Club is returning to virtual meetings starting in January, once again using Zoom. We will have occasional in-person meetings for demos or special events.

More information about the club and its mission can be found on our website at <https://chapters.eaa.org/ea524/vmc-club>

## Frederick IMC Club

**IMC Club meets:** third Tuesday of each month, 7:00 p.m.  
**Location:** Chapter 524 Aviation Education Center/Hangar, Frederick Municipal Airport

Interested in learning more about IFR flying? Scenario-based discussions are available here.

A community of pilots willing to share information, provide recognition, foster communications, promote safety, and build proficiency in instrument flying. IMC Club chapters offer monthly meetings in which pilots can network and share knowledge and experiences.

More information about the club and its mission can be found on our website at <https://chapters.eaa.org/ea524/imc-club>
