

The Frederick Flyer

President's Message

Greetings EAA Chapter 524 Members and Friends,

Our next meeting, and the last one for the year 2016, is December 1st.

This year has been an outstanding one for our Chapter. Our workshops were all well attended and our members have volunteered freely of their time to help. We hosted the Ford Tri-Motor, picnics were well attended, as were other events

on the airport and we have had great monthly programs. We now have Chapter shirts with our Frederick Flyer logo on them and we have a great project with the J-3 Cub for our members to help restore! There are also several members building airplanes and their progress reports should become more interesting as the months roll by. We have a few members working on their tickets and some are almost ready for that great check ride!

Our membership has increased this year and we have started the scholarship program. Your Board members and Officers have worked together along with you the members to make this happen. Thank you very much for your help!

With that said, I look forward to our next year and all the adventures it has waiting for us!

I would like to wish everyone a Happy Thanksgiving and clear skies,

Mark Gosselin

December Program

Bravo Flight Training

Have you been thinking about adding a rating to your ticket? Maybe you could use a proficiency check or a flight review. You have more than one choice of school here at Frederick. For December, we have Brenda Tibbs presenting for Bravo Flight Training. Brenda is an experienced Flight Instructor who previously did pilot training at AOPA. She offers Private through Commercial and CFI training in single engine aircraft at Frederick.

Milestone Progress Report

Over the weekend of November 5, Mark Pankratz made the big move. He packed up his RV-7A and transported it to his new hangar at Leesburg to begin final assembly. He

was not able to get any pictures of the trip over but I don't find that too surprising. I remember I was a nervous wreck the whole time I was following the trucks with my pride and joy on its trip to the airport. On that same weekend, Mark reports that he was able to mount the wings but for the next couple of weeks, progress was going to slow down due to his day job getting in the way. He did say that his "panel guy" was going to be able to continue work on that part of the installation, however.

This is an exciting time so I hope we get to hear another progress report at our December meeting.

Membership Meeting Minutes

03 November 2016

Meeting brought to order at 6:59 p.m. by Mark G.

No Treasurer's Report or Secretary's Report.

Progress reports

Joe gave up his attempt for a Sport Pilot license and is pursuing a Private Pilot rating at Clearview.

Neil presented the "tool of the month." It was an Oasis Scientific borescope that hooks up to a computer tablet.

Rex passed along Doug Kelly's greetings to everyone and said Doug hopes to return in December after recovering from his broken ankle. He also reported that there are preliminary plans to hold a metal workshop in January.

Mark P. reported that his RV-7A is moving to a hangar on Saturday, November 5 in Leesburg.

Jerry reported that the Cub's wings are nearing completion.

Mark G. told the story of his flight to Connecticut where his port main gear collapsed shortly after landing. Fortunately there was no damage to the aircraft. New parts have arrived and the repairs will be finished in early November.

50/50 was \$60; \$30 each to Jerry and to the Chapter scholarship fund.

Kevin Bachand presented a program regarding Safety Management Systems from an auto racing perspective and showed us how being smart about safety applies to aviation.

Meeting concluded at 7:57 p.m.

Submitted,
Erick Webb, Secretary
