PRESIDENTS REPORT FOR AUGUST 2024

Welcome EAA Chapter 538 Members, Family and Friends,

Airventure is now over. The Experimental Aircraft Association's premier event has come to a close. This year set a record attendance of 686,000 people exceeding last year's record of 677,000 people. Over 10,000 planes arrived at the Wittman Regional Airport with 16,780 aircraft operations from July 18-28. During this time an average of 113 takeoffs/landings per hour. 2,846 show planes including 1200 vintage aircraft, 975 homebuilt aircraft, 337 warbirds, 154 ultralights and light planes, 82 aerobatic aircraft, 65 seaplanes and amphibians, 23 rotorcraft and 10 balloons. Over 15,000 sites in aircraft and drive-in camping accounted for more than 40,000 visitors. Nearly 6,000 volunteers donated more than 250,000 hrs to the event.

Another record of 861 commercial vendors were showcased during the event along with more than 1,600 forums, workshops and presentation sessions. 2,581 attendees registered at the International Visitors Tent with another record setting 98 countries from outside the United States.

The EAA Aviation Foundation's annual event attracted more than 1000 people and raised, (you guessed it) a record \$2.8 million that will be used to focus on its mission of growing participation in aviation. 836 media representatives were on site from six continents. It is estimated that the economic impact for the Oshkosh area is \$170 million. In short, you can spend the whole week there and not see it all. Now to get ready for Airventure 2025.

Ok, now...

So who went this year? Carlos Hernandez flew his recently completed RV7. I am anxious to hear his story. Anyone else? Whether you traveled commercial, flew your own plane, hitchhiked, tell us your story. We would love to hear it.

Our hangar is progressing nicely. Recently we had the sprinkler system installed and have initiated the electrical work. The electrical work will take some time as we are waiting on an electrical cabinet that is on backorder. We have begun to frame up the bathrooms and storage room. This is necessary to do so that portion of electrical and plumbing can be installed in the rough framing stage. I would like to invite anyone out to help. We are currently working Saturday mornings. I would also like to place a call for building materials. We will need about 8 sheets of ¾ subfloor plywood. Also about 40 sheets of 4x8x1/2 inch drywall. Any amount of the above is helpful. Monetary donations are greatly appreciated to complete the hangar project. Remember our chapter is a 501c3 non-profit organization so there may be a potential tax benefit for any donations.

PRESIDENTS REPORT FOR AUGUST 2024 CONTINUED

We have a Young Eagles event coming up soon this fall. Lets start early for volunteers. We always need pilots, aircraft and ground crews. Make sure that you are current with the Young Eagles Youth Protection Program. See the Young Eagle's website for more information.

We have elections this November. In order for the chapter to progress, we need volunteers to keep it going. The officer positions are President, Vice President, Secretary, Treasurer, and 3 Year Director. Consider volunteering for one of these positions and let us know. Nominations will be in October.

Christmas Party in December. Having the party in our own hanger is becoming very possible. What's on the menu? How about Tri-Tip, Pork Ribs, Chicken. Baked Potatoes, Yams, Potato Salad, Green Salad are some of the ideas to consider. I have learned the secret to make fall of the bone ribs and would like to share it with all of you. The menu is still in the planning stage and will remain so until we can occupy the hangar.

Speaking of hangar, does anyone need hangar space for their aircraft or project? Once the hangar is complete we need people to move in. Let us know if our hangar will suit you for parking or building. Remember, we will have amenities that will be available to you. These will be drill press, band saw, table saw, sheet metal brake, shear, and some other specialty tools to check out as necessary.

This will be all for now. Hope to see everyone at the next meeting.

Darren Henley
President
EAA Chapter 538s

SECRETARY MEETING MINUTES

***THERE WILL NOT BE MINUTES FOR JULY BECAUSE I LEFT THEM IN AIRIZONA.
NEXT MONTH, I'LL HAVE TWO MONTH'S WORTH.***

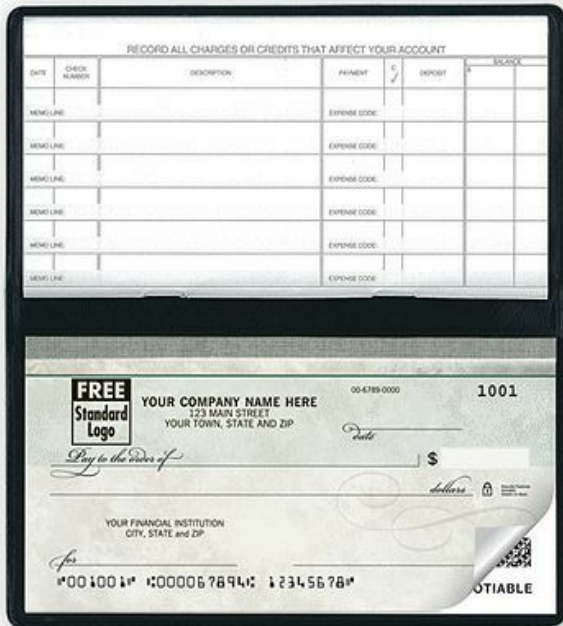

My daughter and I drove up on Saturday to Airventure and I got to see the Blue barn, Education center, AeroEducation and a few other locations.

For Sale Bradley Aerobat Kit. Right picture completed example, Company Info - no longer selling kits.

FOR SALE PROJECT: STOL KING

FOR SALE PAGE 2

RV-6A S/N 60271 SPECS & DETAILS. Please contact **Ed Daror via email : edoldpilot@gmail.com.**

Aircraft built by owner A&P/IA and Flight Tested and FAA certified as N72AE In June 2003

For Day, Night, VFR, IFR operations at 1800 Lbs. Gross Aircraft Weight for Normal and 1400 Lbs.

Aerobatics. Present Aircraft, Engine and Propeller Total Time in Service since new: 212 Hours.

ENGINE : Lycoming Factory new O-360-A1A 180 H.P. with Slick Electronic Ignition.

PROPELLER: Hartzell Constant Speed factory new Model HC-C2YK-1BF / F766A-4.

AVIONICS: Garmin GNC 300XL GPS/COM and ILS Indicator and a function unit, Narco 12D+ Nav/ Com and an ILS Indicator, Narco AT 150 Transponder, Garmin GMA 240 Audio Panel/Intercom,

UAvionix ADS-B Out Bundle. All with separate antennas. EILT with remote Switch/indicator.

Autopilot: NAVAID Tru-Track coupled to GPS.

COMPASS: Vertical. FLAPS: Electrical. PITOT TUBE: Heated. Landing Lights: Dual. Wing Strokes: dual.

CARBURATOR: Temperature Gauge, THROTTLE, PROP, MIXTURE controls: Vernier type, Cabin

HEATER and ventilation controls, AEROBATIC HARNESS: Hooker 6 point on both seats, STEPS: on both sides.

INSTRUMENTS: All with internal controllable illumination. NOSE WHEEL: Improved Bearings by Splats

Recently installed. BRAKES: Cleveland dual sides. AIRCRAFT CONTROLS: Stick type with Mike buttons.

This aircraft has and is always hangered at DVT in Phoenix, AZ. Engine is protected with preservative.

Aircraft is presently Airworthy. ALL Van's Aircraft Service Bulletins complied at last annual CONDITION

INSPECTION on June 12th, 2021. ADS- B needs to be rechecked in flight with FAA- ATC procedure.

I do have a 20 year collection of the EAA's Sport Aviation Magazines with the inherent wealth of information in them. All at a price of picking them up from my home. Please, kindly spread the word to membership and they can get in contact with me via my wife's email nova11@cox.net . (My own email 72ae@cox.net in the same account, is very capricious any more, but luckily, it still favors you with functioning in your communications with me. Others are trying to email me, like ASAG and the FAA are not so lucky, i find them arriving in the SPAM section, at best, but mostly not at all...) Cox has no answers, so after 26 years of my loyalty I am looking for another provider. Thank you very much for your kind help, Ed Daror

FOR SALE PAGE 3

AIRCRAFT BIRCH PLYWOOD AND MORE FOR SALE

No shipping (typical 4x4 sheet ships for over \$200 from California).

Example Pricing:

.4 mm 4x3.5 sheet \$70. (Catalog pricing is \$73 plus \$270 shipping)

.8 mm 5x5 sheet \$50. Catalog for 33% less plywood is \$40 plus shipping (only currently sold in 4x4 sheets) 5 sheets available

1.5 mm 5x5 sheet \$65. Compare catalog plus shipping for 16 square feet vs 25 sq ft.

3.0 mm 5x5 sheet (2 available) \$100. Compare to catalog 4x4 sheets

More material available in 4x8 sheets. 4x8 sheets of plexiglass. Great investments for future projects. Sound proofing material in original roll. Fiberglass rolls. Bring your micrometer to get what you need. Let's talk.

Would consider offers plus a generous donation to EAA Chapter 538 for all of the above.

Bob Hurni (602) 327-3290

Chinle (Navajo: Chíníłí́) is a census-designated place (CDP) in Apache County, Arizona, United States. The name in Navajo means 'flowing out' and is a reference to the location where the water flows out of the Canyon de Chelly. The population was 4,518 at the 2010 census.

AIRPORT OF THE MONTH - CHINLE AIRPORT

From Wikipedia, the free encyclopedia

Chinle Municipal Airport ([FAA LID: E91](#)), also referred to as **Chinle Airport**, is a public-use [airport](#) located 4 [miles](#) (3.5 [nmi](#); 6.4 [km](#)) southwest of the [central business district](#) of [Chinle](#), in [Apache County, Arizona, United States](#). It is owned by the [Navajo Nation](#).

As per [Federal Aviation Administration](#) records, the airport had 131 passenger boardings (enplanements) in [calendar year](#) 2005 and 2,059 enplanements (all unscheduled) in 2006. According to the FAA's National Plan of Integrated Airport Systems for 2007–2011, Chinle is a [general aviation](#) airport (the *commercial service* category requires at least 2,500 passenger boardings per year).

This is one of six airports owned by the [Navajo Nation](#); the other five being [Kayenta Airport](#) (0V7), [Tuba City Airport](#) (T03) and [Window Rock Airport](#) (RQE) in Arizona, plus [Crown point Airport](#) (0E8) and [Shiprock Airport](#) (5V5) in New Mexico.
