CHAPTER 54 MEETING: MONDAY, MARCH 9, 1987 7:30 p.m. SANBORN AVIATION

Dear Chapter 54 Members and Friends:

Welcome to an early spring! (and early flying). I hope you are enjoying both. Jim and Sandy Olson, how was the trip to Orlando? It was so nice to see you again, and to wish you well as you were boarding.

Mark your calendars for the following dates: March 22 is our big outing to the theater for another Lindbergh play spectacular. RESERVATIONS MUST BE GIVEN TO ROSEMARY NO LATER THAN MARCH 9th. NO LAST MINUTE ADDITIONS CAN BE ACCEPTED. March 30 ROGER WESTERBERG will have an open house to show off his fully assembled plane. Meet at 7:00 p.m. at his dad's house at 2037 E. Magnolia in St. Paul. Hope lots of you can make it! April 13 the regular meeting will be held at my house at 7:30 p.m. This will be for teleconferencing with Headquarters to answer your questions on SIC's after a short presentation. (If there is any change in this, members will be notified.)

MAA stands for Minnesota Aviation Association. Darryl LeMire from Benson's Int'l is heading this group and he tells me that there are so many ideas and possibilities from the early barnstorming sessions, it's going to take some time to sort it all out. Primarily, this group was formed to promote aviation within the state. If you wish to become a part of all this, the next meeting will be Saturday, March 21st, at 10:00 a.m. at the St. Paul Downtown Airport Administration Bldg. conference room on the second floor.

The annual Chapter banquet was a huge success. We had good attendance and a superb speaker in Noel Allard. What a pleasure to hear some of the many things he has collected over the years which haven't made it to his books yet. I thoroughly enjoyed his presentation, and trust that our other members did too. Thanks Noel.

See you all soon at the meeting or any of the above dates.

Richard

A NEW CHAPTER 54 EVENT!!

THE GREAT NORTH AMERICAN HISTORY THEATRE WILL CELEBRATE THE ANNIVERSARY OF LINDBERGH'S TRANSATLANTIC FLIGHT WITH A NEW JOHN ORLOCK PLAY "SOME THINGS THAT CAN GO WRONG AT 35,000 FEET."

To the Lindberghs and their French friend, Antoine de Saint Exuperty, 35,000 feet represents the unknown. From this vantage point, the young, energetic aviators encounter a different earth, a different life and a different self-perception. Playwright Orlock believes 35,000 feet also represents our personal challenges, and he invites us to share those of Charles and Anne Lindbergh. Theirs is a daring, devastating and beautiful relationship.

In "SOME THINGS THAT CAN GO WRONG AT 35,000 FEET", we realize the depth of the Lindberghs' love. Charles, a daredevil flyer falls passionately in love with Anne following his heroic flight across the Atlantic. Anne plays a prominent role in America's social arena during the 1930's. She is intrigued by this 'farm boy', and their romantic love affair excites the public. The two are married, and together the Lindberghs receive both America's praise and its condemnation. This follows Charles' controversial brush with Fascism during his tours of Nazi Germany. The dynamics and interrelationships between the lovers and their French friend Saint-Exupery unfolds during his weekend visit to their home in New York in 1940.

LET'S GET TOGETHER, MAKE THIS A CHAPTER 54 EVENT!
