Sec/Treas: Rosemary Frank 451-8187
Designees: Roger Westerberg 735-3158
Al Amsden 464-4058

1980 CALENDAR

Your Chapter has 'em!! \$2.75 each. Proceeds are donated to the EAA Air Museum Foundation. Pick up one of the new EAA Calendars at the meeting - - or - - send your check - - \$2.75 plus 50 cents for postage - - to Rosemary - - your Chapter secretary.

RON SCOTT RESIGNS

... CHUCK LARSEN ACCEPTS

Though Ron will be sorely missed, we are pleased to inform you that Mr. Chuck Larsen of Cottage Grove, Minnesota, will be going on board as the new Chapter Executive/Designee Director. As we all know - - Chuck has been past president of EAA Chapter 54 and is currently the Vice-President of the Minnesota Sport Aviation Association. We are confident that Chuck will continue the work that Ron has already established within the Chapter program.

Update

AUTOMOTIVE GASOLINE IN AIRPLANES???

In spite of press reports to the contrary, NASA will undertake a program to evaluate automotive gasoline for use in airplanes as a result of a meeting between FAA and NASA officials. NASA will probably let out contracts to private firms to make this study. Emphasis will be placed on methods of modifying existing fuel systems in production airplanes and especially those aircraft with engines that were certified for use of 80 octane fuel.

COMPOSITE CONSTRUCTION SLIDE/CASSETTE PROGRAM

In response to numerous requests for information on this subject, a 30 slide and 25 minute cassette program has been prepared at EAA Headquarters. This program which has been very popular, is intended to introduce people to some of the basics of foam shaping and glass layups as used in VariEze and Quickie construction. Individuals may purchase copies of the program by sending \$13.95 to:

EAA Composite Program
P.O. Box 229
Hales Corners, Wi. 53130

OR - - how about making this a chapter purchase??

- EAA "Outstanding New Design" award
- Distinctive, rugged, all composite design
- Only 400 manhours required to construct

Over 240 Quickie Aircraft Kits have been delivered; MANY FLYING

Information Package \$6.00
Pilot's Manual \$8.00
Newsletter (1 yr./4 issues) \$6.00
VISA and MASTER CHARGE accepted

THE QUICKIE

All pilots who have flown the Quickie agree that it is easy to fly for the low time pilot, and that its flying qualities and safety are a significant improvement over conventional aircraft; this is one fun aircraft to fly!

- Outperforms aircraft with several times the H.P.
- 104 miles per gallon
- Prices start around \$3,000.
