## RENWICKS' CUB COMPLETED

It must have been a sight that turned the head of more than one jet jockey as the Renwicks' J-3 made it's first takeoff in over seventeen years, flying out of Minneapolis International on September 1st. The Cub made it's first landing at Benson, then on to Lake Elmo where it is now based.

The project began as an annual, and later became a complete restoration. Eleanor said that over the years the airplane had to be moved a number of times and the real work began about 2½ years ago.

Some of the custom touches include hand painted emblems and lettering, rather than decals; wing tanks, and a sun roof.

Eleanor says the Cub flies "flawlessly" and attracts a lot of attention wherever it goes.

Congratulations to John and Eleanor. We all hope to see the plane real soon.

## CHAPTER BANQUET UPDATE

At last month's meeting it was decided to hold our chapter banquet on March 17th (St. Patrick's Day!) at Awada's. Rosemary has since informed me that after some initial reluctance on the part of Awada's management to give us the room on that date, they have now agreed to let us have it- so we're set. Now we need a guest speaker and some entertainment, so come to the meeting with ideas.
