JULY MEETING

There will be no formal business meeting in the month of July. Instead we will have a going away party for our president Gary Wirth. As most of you know, Gary will be leaving the Twin City area sometime during the month of August. Gary has worked very hard from the time chapter 54 was only a small handful to build it up to its present state, and he will be greatly missed. on July 10 (second Monday) we will all meet at Jack Hickey's house for a going away party for him. Because of a lack of facilities for children this will be an adults only party, with the wives invited. The chapter will furnish beer and ice but no food. It has been suggested that some snack material such as cookies, potato chips, etc might go over quite well, but this would have to be "pot luck". Those who might be inclined to bring something should have their wives contact Mrs. Hickey 525 6672 to coordinate things, lest we wind up with an abundance of something and a severe shortage of another.

Since this will be our last get together before Oshkosh, this will be an opportunity to discuss plans with one another.

MID MONTH MEETING

There will be no mid month meeting in July, as both the monthly and mid month meetings are being combined in the party.

NEW PRESIDENT

With Gary leaving it goes without saying that we will need a new president. The regular election will be in October, and all members should be thinking of good candidates.

AUGUST NEWSLETTER

Because the editor will be at Oshkosh during the time the newsletter is prepared, there will be no newsletter prior to the August meeting. It has always been our policy for members to bring slides, movies, and prints of Oshkosh to the meeting in August.
