JULY 1970

## JULY MEETING

The July meeting will be held at Fort Snelling on July 13 at 7:30 P.M. Tom Doherty will be there and bring us up to date on the Oriole restoration project. Most of the major components have been completed and will be there for us to see.

This will be the last meeting before the convention at Oshkosh. Gary Wirth will be in Oshkosh this weekend helping with the preparations. He will be able to fill us in on the progress.

The map below should be sufficient to enable one to locate the meeting place, but if there are any questions call Harry Dahlquist or Florian Sullivan.

## EDITORS NOTE

Letterheads for the first page of our news letter have been printed. The next edition will see the first page on these letterheads.
