PRESIDENT	Gary Wirth	DESIGNER	Floran Sullivan	St. Paul, Minn.
V-PRES	George Smythe	LIBRARIAN	Don Moulin	Dec. 1971
SEC-TRES	Harry Dahlquist	EDITOR	Gil Leiter	

DECEMBER MEETING

The December meeting will be held Monday the 13th at Northern Airmotive (nee Mercury) Holman Field, Downtown St. Paul. For this meeting members are requested to bring prints, slides, and movies from Oshkosh. A 35mm projector will be available, but for other formats or movies a projector should be brought along with the films.

MID MONTH MEETING

Because of the holidays there will be no mid month meeting in December. This will be resumed in January.

NORTHERN AIRMOTIVE

For sometime now we have had an excellent place to hold our regular monthly meetings. For this we are very grateful to Mr. Ken Rovey and Northern Airmotive. Recently it has come to light that many of our members are not aware that Northern Airmotive not only performs aircraft maintenance, but also sells all sorts of aircraft parts of use to the amateur builder. They have a full line of AN hardware and parts for both Lycoming and Continental engines.

CONSTRUCTION SEMINAR

The first of our series of construction seminars will be held on January 22 at the Northern Airmotive shop and will cover sheet metal techniques. It will last from 9:00 to about 12:30 and will have a registration fee of about \$1.00. This seminar will be limited to 15 people, and members can sign up by calling Gary Wirth.

SPECIAL NOTE

President Gary Wirth recently received an urgent SOS phone call from Arizona recently. It seems an EAA member there and his wife have a real love for wild rice. This is almost impossible to obtain in their part of the country. At any rate three pounds of wild rice is on its way to Arizona, and the fact that it was obtained through the EAA grapevine will help keep his wife happy about his project.
