SPEEDY RECOVERY to THREE aviation comrades. Chapter Member Cal Jansen who suffered an ankle injury at the Oshkosh Work Party, Chapter Member Scott Emkovik who slammed a door on his right hand breaking many bones (you didn't do THAT did you, Scott?), and last but not least, friend to all chapter members, Tony Otto, who smacked up his airplane Saturday afternoon (the 6th of June).

I spoke to Mrs. Otto who said Tony is doing very well. She got her first kiss from him on Tuesday evening which she accepted with great gentleness as he is black and blue from head to toe. (Tony suffered a skull fracture along with a badly broken leg with several severe lacerations on the surface.) Two fellow cropdusters came down from Cannon Falls to take over the business end for him so that is not lost. Tony has a good engine and a right brake salvaged from his plane that he is willing to offer in exchange for another cropduster. Good for you, Tony!!

Mrs. Otto also had some words of advice for Chapter 54 members. She stressed over and over again that the only thing that saved Tony's life was the fact that he was wearing a harness AND a helmet. She said anyone who flies an airplane without wearing a helmet AND the harness is just a damned fool!! Members, take heed!!

Chapter 54 members will hold a Father's Day picnic June 21st about noonish in the Wylands hanger at Lake Elmo. The Chapter will provide free beer and pop - but bring your own lunch. Because of the increase in aviation fuel, a donation is being asked for airplane rides.

See YOU at the meeting.
