MESSAGE FROM HEADQUARTERS

When you think about the EAA Chapter network, a few special things come to mind...education, camaraderie, friendship, building, restoring, flying, and volunteering. Each one of these terms are fitting for an EAA Chapter. However, one of the most important things an EAA Chapter can do for the local community and the entire EAA movement is to volunteer. Recently we contacted all EAA Chapters in an attempt to improve our volunteer effort for EAA OSHKOSH '90. In order for this year's convention to be the successful event we have experienced in the past, we need the volunteer efforts of our EAA members. Whether you will be traveling to Oshkosh as an individual, with your family, or if your entire Chapter will be here, check your schedule and set
