

WHITE MOUNTAIN CHAPTER 586

(LOCATED AT THE SHOW LOW AIRPORT)

NOVEMBER 2022 - NEWSLETTER

Hello Chapter 586 Members and Guests,

We have a lot of new information and ideas to hopefully take this chapter in a new and exciting direction. During our October Chapter Meeting, it was discussed and decided to split Chapter Gatherings from the Chapter Board Meetings. The reason for the change is to let the Board of Directors that were elected take care of the business side of the chapter while the Chapter Gatherings will focus on the 3-Pilars of Paul's Stool; Social, Aviation & Education. We hope to see an increased interest in our chapter through focus on each pillar of the stool in every chapter gathering. We are working hard to change how our gatherings look, feel and reward every member & guest that attend the monthly gatherings.

New title, new day of the month and new time. Previously we had "Chapter Meetings" which mostly dealt with the business side of the chapter. Going forward we will have "Chapter Gatherings" and according to EAA Headquarters, this title is intentional. The idea behind a gathering is simply a get together with like minded people who share common passions and interests. Starting in November, a new day, a new time and a new location;

Day: Second Saturday of the Month

Time: 9:00am to 10:00am Social Hour
10:00am to 11:am Chapter Gathering

Location: Lusk Hangar
(south hangars on E. Corporate Way)

We need to hear what members would like to see going forward from this chapter. Our strength is in our members, without them we would not exist. We need your thoughts, we need your comments. We encourage those members who may not have attended a recent meeting to come in and help shape our future. Together we can make our Gatherings something that we can look forward to attending to every month.
