What's been going on:

Sun and Fun in Florida seemed to be a success, all things considered. I saw a few posts from Bill Wade and a couple others. Fingers crossed that the national convention in OshKosh will go on as well this summer. Our last meeting was lightly attended and I expect it will be some time before we get back to where we were. Hopefully everyone is staying in touch and keeping up to date on the club. We observe safe outdoor separation if you were thinking of attending and there is lots of room to spread out.

Upcoming:

Our April 27th meeting will be at the regular 7:00PM time at Fulton County Airport! Hopefully the weather will be good and some can fly in. We had a new member join last month who is building an experimental and I received a call the other day from someone building a Zenith high wing. I am hoping he will attend the meeting Tuesday. I have also received a couple requests for Eagle Flights that I will probably do in May. If anyone else is interested in taking an Eagle Flight up please let me know. I wish I had more to report on but that is about it. I hope to see many of you at the meeting and hopefully some company in the pattern.

SUNY Adirondack has Friday Freebies
Friday, April 30th from 2:00-3:00pm.
General Aviation: Its History and Impact
Instructor: Miriam Enman

General aviation, or civil aviation, has a rich history and provides a wealth of non-commercial aviation activities. From private transport and aerial work to flying clubs and flight training, general aviation continues to impact our society in many ways. Join us for a look at the numerous opportunities that general aviation offers to individuals of all ages.

Zoom registration is required.
If you are interested in attending email Conted@sunyacc.edu

“You start with a bag full of luck and an empty bag of experience. The trick is to fill the bag of experience before you empty the bag of luck.”
