UPDATES!!

A few things have changed since our April Meeting. We had first thought Dan Gryder was going to be available for a presentation in September. This has since changed.

Dan has apologized for the oversight in his schedule. The plan now is to not only get Dan but also Jun Browne of Blancolario and Scott Perdue from Flywire. Once we have more details we will send out an update.

The Airport appreciation event we talked about at the meeting will take place on May 8th. For those who weren't there, John talked to us about the fact that the old grass runway is going to be restored and put back into use! In order to do this he needs help, lots of it. That's where we come in. We will be offering our help and combining this work party with our next Monthly meeting, and a potluck. We will walk the runway and mark potholes and pick up rocks. Please email us at eaachapter640@gmail.com to let us know if you will be attending and if you plan on bringing a dish to pass so we can plan accordingly
