

EAA Chapter 648

Longmont, Colorado 80503

Our next Chapter meeting is Monday, October 12th
at our usual time and location, Bob and Carol's office.

Thanks to all of you for reading our newsletter and I will keep on working to increase our readership and don't forget to patronize our advertisers if an aviation purchase is in your future.

Remember, "Nothing happens until somebody sells something"

The President's message:

I'm unsure how many members have taken a gander at the new paint on Bob and Carol's office building, also known as our club house, I think it's pretty spectacular. Gobs of thanks to all that helped, with a special thanks to Carol for standing in line for what seemed like forever to order and pay for our pizza lunch. Thanks, Carol!

Our next meeting will be this Monday at our usual time and location, and the planned schedule is Rick then Dan, Rick again, then Dan (repeat),

and finally, Dick. Somewhere in there we should discuss our ever popular and traditional get together in December. Our featured speaker is ??, the topic will be "An introduction and overview on the Properties of Air, Atmospheric Layers, Clouds and Wind, and how these combine with Temperature and Barometric Pressure to create what we know as Weather." Yes, it sounds dry, trust me, it won't be. 648 does NOT do dry.

Mike Duggan is progressing swimmingly on his Carbon Cub project, perhaps he'll give a report (we are EAA after all, we build and fly airplanes :)) Dan, see above, has been busier than a paper hanger with an itch.

Two potential new members have been in contact with me, should anticipate a visitor at this meeting. Make them feel welcome. In addition, a well known person, currently hangar's at BJC, would like to move his planes to LMO. If anyone knows of a 40'x40' hangar (or similar) for rent or sale, please let me know.

Again, our next EAA Chapter 648 meeting is this Monday at the office of Bob and Carol with Colorado Classics Aircraft. Practice Covid etiquette, wear a mask if someone asks you too (you will NOT die), distancing is good, so is washing yer lunch hooks on a regular basis. In other words, use common sense.

Bring a friend, we have lots of chairs!

I remain Yer Obedint Srvnt,

Rick

EAA 648 Chapter Officers:

- **President:** Rick Hall 303-747-2042 rick648@zggtr.org
- **Vice President:** Bill Kastenholz
- **Secretary:** None elected, Various volunteers
