

December 2019

WHEN:	WHERE:	PROGRAM:
DECEMBER THURSDAY MEETING the 12th 7 PM	KMIW FBO TERMINAL	KMIW AIRPORT FUTURE PLANS

WHAT'S FLYIN' THIS WAY !!!

Tentatively scheduled for our next meeting is Steve Valbrecht, the airport manager, to discuss the future of the Marshalltown Municipal Airport. Many improvements are planned and Steve will share how those will affect our operations and use in the future.

We will also discuss the Chapter 675 Event schedule for 2020 which the planning committee put together on the 7th of December. The tentative schedule is attached to this newsletter. There are a lot of fun things planned but additional input is welcome.

For those who care to, we will gather at Taco Johns at 6 pm before the meeting for our pre-meeting chat 'n' chew.

Hope to see everyone there!

WHAT FLEW BY !!!

The Chapter 675 Christmas Dinner was another great event. Over 40 members and friends participated in another fantastic meal supplied by Haley's Deli in Marshalltown. We asked for pulled pork with buns, their famous fried chicken along with mashed potatoes and gravy, baked beans and cole slaw. A meat and cheese tray, desserts including ice cream were added by different members to top off the delicious meal.

It has been a few years since we had a Crazy Santa gift exchange so after the meal everyone who wanted to got to open an anonymous gift with the possibility of it being snatched away. In the past, there were many take-aways, but this year everyone seemed to be very polite. There were only a couple of items that seemed to be popular, and we won't mention who the snatchers were! But in the end everyone had a bunch of fun and that's what it's all about!

Roy Bradbury was the first to open a gift and he got new airplane!

Sun'N Fun 2020
Mar 31, 2020 - Apr 5, 2020

Airventure Oshkosh 2020
Jul 20, 2020 - Sun, Jul 26, 2020

WHAT AIRPLANE AM I?

[Going to run these again because we didn't get a chance to guess at the November Dinner.]

- My first flight was in 1947
- I am a 2-place pusher with twin tail designed to be stall resistant.
- Only 5 production aircraft were built after the prototype. 3 in 1950 and 2 in 1953
- All 5 production aircraft were still on the US Registry in 2009
- I was powered by a Continental C-90
- Max Speed is 120 mph at 1400lbs gross wt.

Name This Plane

(It is not what it first appears)

More Christmas Dinner

The buffet catered by Haley's Deli

The first in line table with their plates full

By the time this photo was taken, most had finished with a few going after seconds. There were very few left-overs!

Chapter 675 Tentative 2020 Meeting Schedule

December 12, 2019	Steve Valbrecht	TJ's
January 9	Chad Nablo alt EAA Video	TJ's
